Customer Reviews

I was SO excited to preorder this when I heard it was coming out but man, I am completely let down. As a huge fan of the show I couldn't wait to receive this. Now I wish I didn't. The drawings aren't all that great, and a lot of the images are used over and over again just in different sizes or styles to create a "new" coloring page. Lots of seashells over and over, pieces of fruit over and over, fruity drinks over and over, and don't even get me started on the cheesecake. How many cheesecake pictures do you really need? I get it was a central part of the show, but seriously, one is enough. Don't waste your money or wait until the price goes way way waaaaaaay down.

Biggest fan ever, but only 34 of 100 pages are of the girls. Lots of fillers of seashells, bottles of nail polish, plants. Kinda a bummer.

I am a huge Golden Girls fan and was super excited for this. I got it today and was pretty disappointed. There are only a handful of pictures and they repeat them. I was expecting a different picture for each page. Not that many pictures of the ladies either. Random seashells and perfume

bottles. Nice effort but could have been better.

Bottom line: This coloring book doesn't have every single page featuring one (or all) of the fabulous foursome. However, it still has plenty of pages that do and the pages that don't are just fine (other pages feature things such as: cocktail glasses, lipstick/perfume, flowers) it was a fun thing to have while being stuck on bedrest and brought back great memories of the show-inspired a GG marathon. Got some neon colored pencils to go with it. It was filmed the 80s, after all.

This is the second time I ordered this book for a friends bday. There could have been a few more pictures of the girls but really how can you complain? IT'S A GOLDEN GIRLS COLORING BOOK! Simply amazing:)

A little pricey but it's a gift for my Grandma. She loves to color and is always watching Golden Girls. Yeah the drawings could be a bit better but it is still an awesome book.

As a huge fan and part of a Golden Girls clique (I'm Dorothy), I LOVED this book. Bought one as a gift for the other girls in my life and they loved it! A must have for GG fans!

It's a nice book, but really, I was expecting more of the girls. I little disappointed but still a nice book.
