George Trombley is a professional Japanese interpreter who over the past 16 years has interpreted for corporations such as Microsoft, IBM, NTT DoCoMo, Lucent Technologies, and in countries throughout North America, Europe, Asia and the Middle East. In addition to Japanese, George has also co-authored the Korean From Zero! series and consulted on Chinese, French, and Spanish language books. Yukari Takenaka moved from Himeji, Japan to the United States, and taught Japanese for over 10 years while co-authoring custom lessons for students that eventually became the basis of the Japanese From Zero! book series. Prior to becoming an author, Yukari worked in Japan as a professional in the medical industry. She continues to write Japanese related materials to support her passion for teaching Japanese.

I've use and have tried a ton of study material, this book (along with George's YouTube videos) are

the best thing I've found! Highly recommended!

Another great book.

5 gold stars!

I have bought this book after watching some of George's videos on Youtube. He is a wonderful teacher and his books are amazing. Very simple, yet informative. You can learn a lot of vocabulary, Kanji and various grammar patterns. I strongly recommend these books.

Amazing book

great tool for a beginner in learning Japanese

Great as always from the Japanese From Zero! series. However, the way they try to teach the kanji is a little iffy. This can easily be remedied with support from a kanji flashcard system, though, so no worries!

Another winner. Great book.
