Thought it would have more ways to plan the actual wedding. Doesn't cater for different types of weddings either just a typical over the top American wedding. It should have included and needs and wants or a must haves section. Not very easy to go through for the a first time wedding planner!

My first book I received came with one of the spine rivets broken so it was sliding around in the binder. But I filed for a replacement and had a new one the next day. This book is beautiful, and full of super helpful stuff! If you are planning a wedding by yourself, GET THIS! If you know someone who just got engaged, buy this for them! I wish I'd had this a year ago when I first got engaged. A lot of these vendors I've already booked, so I can't utilize some parts, but for the parts I can, this is phenomenal. Did not disappoint and I'm so excited to have a cute keepsake to remember this day with.

When my daughter announced her engagement, the first thing I did (after the hug!) was to buy 2 of these. One for my wife, and the other for my daughter who was over 200 miles away. They have been using it and expressed their gratitude repeatedly. The wedding is in 8 weeks, and while it has been hectic, it has been MUCH easier to organize and discuss!

Bought this as a gift for my daughters upcoming wedding. Very well made and roomy. Had pockets for keeping receipts, ideas, pictures, etc. Nice to keep everything organized.

I love my wedding planner! It's something I'll cherish forever. I'm more of an online kind of person, but putting things down on paper just makes them feel much more permanent and special.

I couldn't recommend this planner enough. Its great for those who have no clue where to begin with the planning process - it tells you what questions to ask your vendors, registry suggestions, the

proper way to address invites, and so much more. Its even better if you have some ideas already - its got pockets to store photos, business cards, receipts, etc. and it really helps you focus in on the tiniest details and not forget certain aspects of the day that need to be considered. The whole planning process was made a million times easier because of the organization of this planner. I've already bought a few copies to give to recently engaged friends and they love it too!

Easy to follow, a great guide, focuses your questions when interviewing vendors, calibrates your thinking toward the folks running their business and trying to get more money from you, etc... we used it for our wedding (yes, the husband actually used it and is writing this review oh my) and loved it. We bought this for FIVE other friends and I'm sending this to Texas for a friend right now.

This is what every bride should have to help prepare for the big day.
