Pilgrim Theology: Core Doctrines For Christian Disciples

Synopsis

The 2011 award-winning publication *The Christian Faith* garnered wide praise as a thorough, well-informed treatment of the philosophical foundations of Christian theology, the classical elements of systematic theology, and exegesis of relevant biblical texts. *Pilgrim Theology* distills the distinctive benefits of this approach into a more accessible introduction designed for classroom and group study. In this book, Michael Horton guides readers through a preliminary exploration of Christian theology in a Reformed key. Horton reviews the biblical passages that give rise to a particular doctrine in addition to surveying past and present interpretations. Also included are sidebars showing the key distinctions readers need to grasp on a particular subject, helpful charts and tables illuminating exegetical and historical topics, and questions at the end of each chapter for individual, classroom, and small group reflection. *Pilgrim Theology* will help undergraduate students of theology and educated laypersons gain an understanding of the Christian tradition's biblical and historical foundations.

Customer Reviews

Michael Horton (PhD, DD) is Professor of Systematic Theology and Apologetics at Westminster Seminary California. Author of many books, including *The Christian Faith: A Systematic Theology for Pilgrims on the Way*, he also hosts the White Horse Inn radio program. He lives with his wife, Lisa, and four children in Escondido, California.

Michael Horton's theology volume in 2011 (*The Christian Faith*) is superb and moves to the front of

the line in theological Reference Volumes for those of the Reformed and Covenant faith. Now, Horton has taken that large reference volume and put it on a lower shelf to be reachable and readable to all the family members. This is the first time I have ever seen a book on theology edited to be used for the family, to be edited in a format that is readable and allows for questions and discussion for families. The free resource that comes with the book is a great reference tool that indexes both books! You can use this small resource to index the topic in Pilgrim Theology and it gives you the same page numbers in the larger volume for extra study and insight. Teachers and Pastors will love the larger volume and will definitely want to recommend this book to every family.

Is a very good book. Have not completed it but am more than half way through it

I needed this book for a college course. It is very easy to read and can easily understand what Horton is writing.

Very in-depth look at the theology of early Christianity. Does a great job of outlining other early religions. Really explains concepts like the Trinity, things like Christology, Soteriology, etc. The only thing I find hard with this book is that it is very large, and so it took me a good few months to finish with my busy schedule.

I am always intimidated by the 1500 page long systematic theologies that are out there but this book was helpful as an introduction to wet my appetite for some of the larger books out there. I recommend this book for any one who is reformed, or who is wondering what reformed theology is.

It is thoroughly Christ-centered !!!

Horton has added another fine book to the collections of many. We would recommend this book to all and have enjoyed the read!

I'm just getting into the meat of the book and so far it is very enlightening. We are using it in a monthly men's group and I am looking forward to growing in my knowledge of our Lord and Savior.
