The Mothers' Board: Mothers Know Best

Synopsis

It's a congregation on fire | but is it for Jesus or for the devil? The church mothers are about to find out "and no one better get in their way! When the pastor of One Way Church of the Lord disappears, it seems that just maybe the haters and hellraisers in the congregation have finally gotten rid of the pain in their behinds | and just maybe the deacons will get away with rushing to hire a new pastor more to their liking. But hold everything! The Mothers' Board has been quiet for too long, and they refuse to lay down after seeing their beloved pastor vanish. What follows is a rollicking adventure with the mothers sticking their noses in plenty of people's business and causing a fuss wherever they go "whether it's breaking and entering a house to search for clues | or investigating the seemingly psycho church secretary. Along the way, the mothers show a heap of God's love to some hurting folks "and put the smack-down on the devil every chance they get. It's their church, after all, and mothers know best!

The ladies in white are often looked at as busy bodies who are always bossing and passing

judgment on everybody from the pulpit to the pew. However these seasoned Christian women are on a mission to find out why yet another pastor has left their church. Follow these ladies as they uncover the truth behind the members that are causing mayhem in this 100 year old church. Be careful you may get convicted of some of your own actions. A good read for the saints and the aints!

The Mother's Board: Mothers Know Best was an excellent book to read because it represented what most church mothers actually do that are dedicated and prayerful. They are very loving and have a lot of wisdom. They truly are the pillars of the church and take their ministry seriously.

I am absolutely 100% speechless!! I read Christian fiction aggressively and fervently, always looking for a way to be blessed as well as a learning opportunity. You may ask how so when we all know the storyline is exactly as it states, fictional in nature. But for me and all other professed Christians out there, who truly try to walk the talk, I know you know what I'm speaking about. Though the story itself may not be real, the lessons behind it always are!! Maybe the authors have lived it, maybe they know of others who have and that is the driving force behind the book. It regardless, we all as readers have experienced or know someone who has experienced these storylines or individuals like those we are reading about in church. With that said, this particular book touched me in ways no other Christian fiction read has ever touched me. THIS author knows church folk and the inner workings of the same and of that I have no doubt!! Christians as well as non Christians have been given an avenue of learning to travel just by downloading this book. My hat is off to you in everyway, Ms. LaShaunda K. Jackson-Williams and you are truly a force to be reckoned with in this genre. You have earned a fan in me and I will be looking for more of your work from this story on. Thank you!!

I love this book! Reading it I learned so much about church politics, and church folks. These characters were multi dimensional, varied, and very real. I was a bit sad when it ended. But I felt full.... it was like eating a great meal with desert. Ms Williams should write more, and I will happily read anything else she writes. And so I recommend this book. Anyone who likes Christian fiction will enjoy it as much as I did. The writing style rather reminded me of the "Church Folk" series, and if you liked those, then you will like/love..this book. And I wouldn't mind a part 2 even though I was happy with this one...So read...and enjoy.

Loving the book...the only part that threw me was the burglary which just didn't seem real... but the writer did not dwell on it...good description of each character and the characters real. THIS IS A

GREAT BOOK! I finished the chapter before the last chapter and I didn't want to read the last chapter since it was the last and I was full at that time...but I finished...duh! I could read more...will check for more of this writer's work....

When I first started reading, I knew this would be a great read. Author Jackson-Williams didn't disappoint. The Mothers of One Way Church were determined to find answers when their pastor suddenly and mysteriously disappeared. The story is told, beginning to end, as church members are considered, theories are explored, and the truth is sought. No stone is left unturned, and the adventures along the way are beyond hilarious. From start to finish, this book is great...definitely a five star read.

I loved this book. It took me back to my church days, where all the jealousy, conniving ways, the many cliques that formed and the different status levels that made up the church. The church was the most judgmental place I have ever been a part of. But there is where I found Jesus for myself. I strive to show others the love and support that was rarely shown to me. But I must admit there was lots of good times too. This book was humorous as church people can be. The book was very well written and accurate as I know church and church people to be. That Mother's board was hilarious. They were the type of Mothers board you wished was working in the churches. The Mother's Board is always to hold the Pastors, Deacons, Trustees and members accountable. Great story. Only people who have been church goers can understand and enjoy this book. Great job!!!!

Wow. The cover of this book was not attractive to me, but when you reach certain sections of how the mothers operated with each other it was so funny. Many times I had to rest this book down because I was laughing so hard my stomach ached. I would recommend this book to all church goers. You will not be disappointed. Additionally, I would love to see a movie about this book. I envision this movie being directed by Tyler Perry or the director(s) of the Golden Girls TV sitcom. We are definitely due for a good Christian comedy movie. *FayWay*.
