Don't You Know Who I Think I Am?: Confessions Of A First-Class Asshole

Synopsis

Who is JRL? How dare you not know! Justin Ross Lee is a completely self-created, self-inflated Internet celebrity; a “Jew Jetter”; and social media virtuoso. When he’s not causing trouble on Bravo or headlining VH1, you’ll find Justin having red-carpet run-ins with A-list celebrities, getting blacklisted from airlines and nightclubs, and monopolizing the tabloid pages with his boisterous bad-boy behavior. Famous for being famous? He’s famous for telling you he’s famous. So how did this privileged prick from Scarsdale become a jet-setting, luxury-loving, travel-hacking aristo-brat with an army of followers on social media? Don’t worry, JRL is here to tell you. Love him or loathe him, he doesn’t care, he promises to make you laugh so hard you’ll cry, whether it’s at him or with him. Is this book satire or the instructional manual for the modern narcissist? Either way, Don’t You Know Who I Think I Am? is a story of how one man was dubbed “The ego that attacked NYC” by the New York Post and what that man can teach you so you’ll never have to wait in line again.

Justin Ross Lee is an entrepreneur and social media maverick who has redefined the notion of fame. As the CEO of Pretentious Pocket, JRL works, lives, and plays in New York especially the first-class lounge at JFK. Justin has the secret to achieving platinum status, and now with this debut book, *Don't You Know Who I Think I Am?*, he's ready to share it with the world.

I can't recall how many times I actually LAUGHED OUT LOUD while reading this book. He's surprisingly hilarious, if you have half a brain and some wit, you'll understand it. If not anything, this book gets you thinking outside the box to push yourself even further. Many times we get caught up in the formalities of life and JRL shows us that it's just not that serious! Flirting the line between the gray area and obscene, JRL takes you past expected social norms to a life of true freedom....where you can become anyone and do anything that you want. Can't wait to see what he does next in his illustrious career!

The hilarious antics of Justin Ross Lee are worth the read since you probably couldn't get away with what he is so well known for.

great item, works great!

Really funny book. Not for everyone but it is good if you like this kind of humor.

Written by The Man

After meeting JRL and reading this book, I started subconsciously using some of JRL's techniques before purposefully employing them and I'm happy to report I've been able to work my way into the most exclusive of venues. By far the best and most rewarding venue has to be Justin's bed, he doesn't just want you to think he's the biggest swinging dick in town, he actually has the biggest swinging dick in town.

Just finished the book in one sitting, couldn't put it down. Love him or hate him, there's a lot to learn from JRL. From circumventing social norms to bending rules and exploiting loopholes. I loved the fact the he lays it all out here. In the book he mentions that he's an A-hole, but a "self-aware A-hole" and that's pretty profound. Everything you see is deliberately created with an end-goal in mind. And the fact that he's revealing his methods is pretty rare. Entertaining and enlightening. And you don't have to be just like him to learn a lot from him.

Great book! Jew-larious. Can't wait to see what he does next!
