Marvin K. Mooney Will You Please Go Now! (Bright And Early Books For Beginning Beginners)

Synopsis

Dr. Seuss has always been welcome in every reader's home, but in this Bright and Early Book classic, Marvin K. Mooney's welcome has been worn out! In merry verse and illustrations, Marvin is asked to leave by every conceivable means of transportation. He can leave by lion's tail or stamp himself and go by mail. By stilts or Crunk-Car or Zumble-Zay, it's time that Marvin was on his way. Will Marvin ever get the hint? Combining brief and funny stories, easy words, catchy rhythm, and lively illustrations, Bright and Early Books are an ideal way to introduce the joys of reading to children.

Oh, why won't Marvin K. Mooney just please go now? In this 1972 classic for "beginning beginners," Dr. Seuss devotes his rhymes to budging the reluctant young Marvin K.: "The time has come. The time is now. Just go. Go. GO! I don't care how." But despite his impatience, our narrator certainly isn't short of ideas on how Marvin could make an exit. "You can go on stilts. You can go by fish. You can go in a Crunk-Car if you wish." Seuss's ever wacky illustrations accompany each new mode of transport, from balloon to broomstick to Bumble-Boat. And if those who are just learning find a word they don't know, chances are Seuss has simply made it up to fill out this ear-pleasing, easy-to-read

text. This book is yet another fun and euphonious entry from the good doctor, a silly primer for budding rhymers and readers. (Ages 4 to 8) --Paul Hughes

We got our first copy of this book back in the 1980s as one selection in a series from a children's book club. It soon became a family read-aloud favorite because it encourages dramatic expression, and ends in such a satisfying way. Now, our decades-old copy is missing its cover and has many torn pages, so I'm replacing it--and ordering extras to give to our grandchildren.

My three-year-old grandson loves many Dr. Seuss books with the repetition, rhyming words, humor, and rhythm. He has memorized many of them --- the first being " The Foot Book." However, he does not really enjoy this book for some reason. When I suggest we read this together, he always chooses another one. I think it's the fact that someone is being told to "GO NOW!" It doesn't seem as much fun, but perhaps a little scary?? Not sure with a three-year-old.

Who doesn't love Dr. Seuss? This one is just the best!!

Best book EVER! I have bought it several times and given to my friends!

My first review! We love this book and often check it out from the library so it is not the contents of the book I have an issue with. The product we received from this order was a complete joke. The book is assembled backward and most of the pages are upside down. On a number of the pages the words are actually cut off so you couldn't even read it backwards and upside down if you wanted to. Unless like me, you have it memorized. Do NOT order from this seller.

Another great Dr. Seuss book with cute rhymes and a ridiculous story that toddlers/young children

love.

One of my favorite Dr. Seuss stories; my own children loved my vocals & now my grandchildren are equally charmed.

This book is exactly as I remember it. The book is compact enough to fit in a medium size purse.
