Best Sellers Rank: #773,629 in Books (See Top 100 in Books) #128 in [Books > Cookbooks, Food & Wine > Regional & International > U.S. Regional > West](#)

Customer Reviews

The romance of the range quickly boils down to reality once Price footnotes and documents cowboy life and cowboy vittles. Who could bear to hear that roundups consisted of 4:00 a.m. wake-up calls and 8:00 p.m. lights-out orders and that there was little but hard work in between? Or that the daily meals in the mid-1800s, before refrigeration, were primarily variations on coffee, salted beef, and biscuits? Along with the text, photographs illustrate the less-than-idyllic outdoor culture of the cowboy, from the personalities of the camp cooks to the common lingo to the procurement of foodstuffs. Balancing the sometimes harsh tales are more than 100 contemporary range recipes, none of which bear much resemblance to the old dishes that were once served. Barbara Jacobs

It's okay. Good cookbook but I think calling it 'Authentic Recipes from the Ranch and the Range' implies it is more rustic and actually authentic than it is. There are very 'modern' spices and ingredients that I don't really see being available on a chuck wagon. But as far as just a recipe book, it's okay.

This combination cookbook and cowboy cook lore book is fascinating. You get the recipes of the "coosies" who ran the chuckwagons on the great cattle drives. The stories are intriguing. The

recipes are interesting. The typeface and color of the typeface is ridiculous. I mean, sepia-colored type. The designer is not one who uses cookbooks or reads at night. By the way, this is dangerous bedtime reading. It just makes you want to eat. If it ever is reprinted, I hope it is done so one can read it.

Great Book, not just recipes but history and stories too!

I really like the content of this book. the stories and recipes. however it does not rate 5 stars because it is not "user friendly

If you like cowboy lore. If you enjoy a history lesson. If you love to cook or experiment with some old recipes made with 'modern', available, ingredients...this is the cookbook for you. The pictures alone make the book a great purchase.

Good book, good service

Most are easy, a few are harder to make. But boy, are they delicious! I loaned it to a friend and she really liked it also.

Too many good recipes in this book not to own a copy. I've looked at other cook books that claim to have cowboy recipes. Not one is as good as this one.
