Customer Reviews

Brian Prax and Mark Schultheis have been exploring the obscure as well as the obvious mountain biking trails for years. They finally got off their butts to give you the best that the Jackson Hole area has to offer. These guys may be ugly, but they sure have rocked the single track world with their all encompassing work of art - THE BOOK. Never ridden "The Hole"? Hold on!

This book has some great trails and the descriptions make them easy to follow. I also bought the other JH guide book and found some of the "trails" to be lame and the descriptions were bad - I got lost. I highly recommend THE BOOK! It's fun to read too.
