# Tickle Time!: A Boynton On Board Board Book

## Synopsis

Sometimes kids just need a good tickle. Maybe your child is grumpy, or frustrated, or looking for a little extra attention. Well, we have the cure. Reach for Tickle Time!—and like magic, everyone's bright and sunny and giggling again. Based on the wildly popular song from Boynton's wildly popular Rhinoceros Tap CD, Tickle Time! is pure irrepressible Boynton, lively in tempo, nimble in rhyme, and filled with irresistible fuzzy cats that cavort from page to page. Plus a few birds, who aren't the cavorting type. Here's a book to turn to again and again, because it's guaranteed to elicit giggles: If you're feeling blue and you don't know what to do there is nothing like a TICKLE TIME to make you feel like new. Whether you tickle high or tickle low, tickle fast or tickle slow, it's the gitchy-gitchy-goo that makes everything worthwhile.

We are BIG Sandra Boynton fans in our house. We have every single book! However, this book is just ok. It's more along the lines of the A to Z book in terms of being boring. Basically, every single page says the same thing. My child definitely doesn't go for this book as much as some of the others. My favorite Boynton books are Belly Button Book and Pajama Time.

You won't be able to get this book out of your head, and it'll bring you smiles every time you remember it. Tremendously fun.

My son loves this book. He gets so excited when we read it. This book has held up pretty well considering how much it gets used. If the copy we have ever falls apart I will be buying another one.

Has alot of repeated sentences, but my daughter laughs everytime. Super cute , just wish they woulda switched the words up some.

We love all Sandra Boynton books in our house but I think this one is our favorite. It's so fun and my toddler knows to expect to be tickled and the anticipation is half the fun!

My 16 MO's favorite book. A definite must for all parents!It's fun, and you can even act it out and tickle your little one while you read it. :)It's easy to read, fun to read and short enough where your toddler won't get bored!! highly recommend all of Boynton's books. We have almost the whole collection and I don't regret it. All the books are soo fun to read and illustrated so beautifully!

It was in great condition

Awesome
