Great study guide for the second half of the Minor Prophets in the Bible. Fast Shipping.

Using this for personal study and to teach Sunday School. The basic questions pretty much stick to the text and there are questions on the side which allow you to go further and look at different scriptures that add richness to your study. I really enjoy the Life Change series.

My study group did Minor Prophets 1, and it was a bit monotonous. But we found some good things in these lesser-studied books of the Bible, and we finished it. I think we were hoping that there would be less monotony in the questions of Minor Prophets 2, but it’s almost as if the authors didn’t have any new questions to ask and kept repeating the same ones. Fortunately, this set of minor prophets is more diverse than the first ones, and we’ve had much more lively discussions with this group. A Bible Study is what you make of it, and what you receive with your mind open to God’s teaching, not just what the writers of the study have to say. So, I’m glad we’re sticking this one out, too. We’re about halfway through. But I won’t jump into this particular series of studies again

anytime soon.

as advertised

Excellent.
