# General, Organic, And Biochemistry

## **Synopsis**

The ninth edition of General, Organic, and Biochemistry is designed to help undergraduate health-related majors, and students of all other majors, understand key concepts and appreciate the significant connections between chemistry, health, disease, and the treatment of disease. This text continues to strike a balance between theoretical and practical chemistry, while emphasizing material that is unique to health-related studies. The text has been written at a level intended for students whose professional goals do not include a mastery of chemistry, but for whom an understanding of the principles and practice of chemistry is a necessity. Designed for the one- or two-semester course, this text has an easy-to-follow problem-solving pedagogy, vivid illustrations, and engaging applications.

### **Book Information**

Hardcover: 944 pages

Publisher: McGraw-Hill Education; 9 edition (January 4, 2016)

Language: English

ISBN-10: 0078021545

ISBN-13: 978-0078021541

Product Dimensions: 9.2 x 1.5 x 11.1 inches

#### Customer Reviews

Joe Topping currently is a professor of analytical chemistry at Towson State University.  $\tilde{A}$   $\hat{A}$  He did his post-doc at Iowa State University in Ames.  $\tilde{A}$   $\hat{A}$  At Towson, he has been honored with such awards as the "Outstanding Faculty Award" and the "Faculty Merit Award".  $\tilde{A}$   $\hat{A}$  He has written ancillaries for an outstanding text, Atkins - General Chemistry and is heavily involved with the American Chemical Society.  $\tilde{A}$   $\hat{A}$  Kate Denniston is a biochemist in the Biology Dept. of Towson State University.  $\tilde{A}$   $\hat{A}$  At Towson, she has been honored with such awards as the "Outstanding Faculty Award" and the "Faculty Merit Award".  $\tilde{A}$   $\hat{A}$  Her previous employment record is literally a list of some of the best biochemistry institutions in the world: Univ. of Wisconsin as a post-doc,

Georgetown University School of Medicine à Â as research professor, National Cancer Institute as a Senior Staff Fellow, the Argonee National laboratory in their research program, and as an Invited Instructor by the European Molecular Biology Organization. Ã Â She has written for such noteworthy publications as Nature, Science. Ã Â

Very helpful and useful rather than the one sold at my university.

Shipped fast. Very informative book

Excellent

Neither it was a school necessity

Good

Book arrived earlier than expected, in perfect conditions and at a great price. Very pleased with my purchase.

Great book. Clean and little to no marks.

It's okay
