The Lost Diary Of Snow White Trilogy: Free Bonus Content: I Am Pan: The Fabled Journal Of Peter Pan

Synopsis

A FOUR BOOK COLLECTION. All three of Snow White's diaries together for the first time in one amazing volume! This book contains: The Lost Diary of Snow White, The Found Diary of Orange Orange, and The Return of Snow. Free bonus content: I Am Pan: The Fabled Journal of Peter Pan. This diary is the property of Snow White. Strictly speaking, I'm not supposed to keep a diary. No fairytale characters are. It's the unwritten rule of the land. And now I know why: because life here is so unlike anything people in the real world have been led to believe. Once it's finished, I'll have to find a hiding place for it. But if you're holding it now, it means it's been found, and the truth about my life can finally be revealed. (Extracts from The Lost Diary of Snow White have been chosen to be included in the English comprehension curriculum for children in Great Britain in 2017).

Customer Reviews

I found The Lost Diary delightful (even though I was prepared to hate it because I had read Brent's Scratchling Born first.) The superciliousness I didn't like when it impinged on more realistic characters with more authentically perilous dilemmas in Scratchling, was perfectly suited to the lives of fairy tale characters who even when faced with evil witches, queens or stepmothers, are never really in any danger and are permitted to change their fates and perils by rewriting the "book." Mr. Brent has given his characters modern angsts and labels perfectly suited to his plot twists. The pace, the rhythm of familiar and unexpected, was engaging from start to finish. Lovely, lively story!

The Snow White story is cute, but it is misleading to call it a trilogy because the stories really

couldn't can't alone. There is a Peter Pan "book" included as the second half, but the story isn't nearly as good. I am an adult and found the Snow White story quite amusing.

My daughter LOVES this book. She's 12 and now has my 9 year old clamoring to read it next. Rarely does she want to read to me from her books, but this one is different. She giggles and gasps a lot and I love how involved she's gotten into the story. Awesome purchase - Highly recommend!!

as described, quick ship

bought this for my teen - she's enjoying it.

Was a gift to my 13 year old niece. Am sure she will enjoy it.

a

I thought it would be an actual trilogy. It was a single book. You can't call something a trilogy if it is a normal length book. Normally these are called "chapters."
