## Customer Reviews

Great condition boring book

Just as described by seller. Good reference for PM.

Yep!, just what I ordered, just what in needed.

Great supplement to my barrage of PM literature for my Master's program. This is good to read along with any prescribed text for a project management class.

Concise, clean and very useful.

This book was for class I was taking and thought it would be more useful but it is hard to read - its a small book and would be better if it were larger - hard to keep it open

Thanks

Thank You!
