The Haunting Of RedRise House: Ghosts And Haunted Houses

Synopsis

Dark things happened in RedRise House. Acts so bad they left a stain on the soul of the building and something is lurking there... waiting... dare you enter the Haunted House? Read for FREE on Kindle Unlimited or just \$0.99 for a limited time only. Rosie is running from her past. Looking for peace and a new beginning. House sitting in the luxurious and romantic RedRise House seems the perfect place for her to rediscover herself and rebuild her life. It is so far away from the past that she knows she can look to the future and yet something is not quite right. She hears voices, footsteps in the night. She wakes from terrible nightmares. Strange figures stare down at her bed with hidden faces... was it all just a dream? Then there are the ghostly children. Are they all part of her imagination or did something terrible happen here? Like animals the children bray for her blood. Will they get it or is something darker waiting and watching for its chance to escape? Find out if Rosie will ever leave RedRise house or if she will join the children to stay in this haunted house for all time. On SALE for a limited time at \$0.99 or FREE on Kindle Unlimited.

Customer Reviews

A creepy, ghostly story. Don't read before you go to bed! I don't see books like this much, ones with a scary house on the cover. The tagline, "Ghosts and Haunted Houses," also lets you know what to expect. The book was like one of those haunted house movies. The protagonist, Rosie, was vulnerable due to an incident with her ex-boyfriend. The goings-on didn't help her any. Even when she first arrived at the place she was housesitting, she was afraid that Clive had found her. Since Rosie is alone at the house, a lot of times there isn't any dialogue, but it's still interesting. The prologue was good and drew me in with events that happened many years ago. I enjoyed the book and look forward to reading more stories by this author and seeing what other spookiness she can conjure up.

*** I received a free copy of this book via Booksprout and am voluntarily leaving a review. *** Since I have read one other book by Caroline I was ecstatic to read this one because I knew that it would be damn good and I was blown away. This book was better than I thought it would be and let me explain a bit about that part. At first, I was a little worried because *The Haunting of Brynlee House* was based on an actual house and this one isn't but there was no need for me to worry. There is just so much that happens that makes the reader want to figure it all out. What's going on with the ghostly children? Who are the shadowy figures? Why is everything so weird? Is the main character losing her mind? Or just having nightmares? What happened in that house? Or better yet, what didn't happen in that house? I can't believe how complex and intriguing the whole book is. I am just kind of in awe of this story and the characters because I just loved it so much. The depth of what happens in the story is surprising and incredibly sad but it makes the story really great. There were also so many twists and turns in this book that I was glad that I was laying down in my bed while reading it for fear of my vertigo acting up and getting whiplash. Even the ending I didn't see coming and has me still looking around and saying wtf just happened to myself and to my mom. She's laughing at me of course, but still, if a book can do that then props to you, my friend. I gotta say that I really hope that there might be a sequel with the way it ended because WHAT?! I mean, WOW. Gotta give you 5 stars for that one Caroline, whew. You really got me there. Dang girl.

Darkly, gothic, this novel takes you to the creepy corners of a haunted house and will make your nightmares seem like nothing!

I received a free copy of this book via Booksprout and am voluntarily leaving a review. I watch a lot of horror films and this book read like a horror film. The first half of the book was great, the ending

could use some work though. There was a lot of build up and tension, which was awesome, but the ending just felt rushed. There wasn't a lot of that tension in the ending.
