World Of Warcraft: The Poster Collection (Insights Poster Collections)

Synopsis

Since Blizzard Entertainment established the Warcraft® series in 1994 with Warcraft: Orcs & Humans®, the fantasy world of Azeroth has played home to multiple award-winning and bestselling real-time strategy games, novels, comic books, and toys—as well as the world’s most popular subscription-based massively multiplayer online role-playing game, World of Warcraft®. This collection of iconic images by Blizzard Entertainment artists showcases the lush landscapes, noble heroes, and nefarious villains that have captivated millions of players around the globe. Whether players fight for the Alliance or the Horde, Azeroth serves as the shared stage for their adventures. This set of thirty-two high-quality posters brings that vibrant and dynamic world into stunning focus and serves as a vivid reminder of players’ epic experiences there.

Customer Reviews

Best known for World of Warcraft®, StarCraft®, and Diablo®, Blizzard Entertainment Inc., is a premier developer and publisher of entertainment software renowned for creating some of the industry’s most critically acclaimed games, including fourteen #1-selling games and multiple Game of the Year awards. Blizzard is located in Irvine, CA.

These are great looking posters. It’s important to note both the size (by no means full poster sized, they’re 16" in length) and that these are double-sided. There are 32 images, but only 16 physical

posters. They're printed on a thick, glossy card-quality paper. The artwork includes patch release posters, expansion box covers, racial themed art and some miscellaneous art. A great gift for any World of Warcraft fan.

The posters in this collection are on quality (thicker) poster stock, which is a major plus. My main complaint is that the posters are double sided, and as the collection's more desirable images are all in the front you'll most likely have to buy two copies if you plan on framing/displaying the artwork. The collection starts off with all of the box-art for the game and its expansions up to Mists then goes into patch art pieces and finally fizzles off toward the end with Blood Elf, Draenei, Worgen, Orc, Dwarf, Goblin and Pandaren filler pieces. The pieces for Wrath of the Lich King and the Burning Crusade were especially nice, however the lack of quality artwork for each individual race was a major disappointment.

I purchased this to add to one I found locally. Great art work and real nostalgia here. Size is 12" x 16" I do have 4 small issues -1) The posters are double sided, so if you want to display them as posters/pictures you really need 2 if you want to display all of them. As an example I had to get 2 sets because I have all the box art covers displayed and to get all the art, I had to display both sides.2) The posters are kind of hard to remove. I ended up using an exacto knife at the seam,3) They are a kind of odd size at 12" x 16" - I was able to find posters locally at a large retailer, but a more common size may have cheaper frames And one other note - just as a reference - poster collection stops at Mists of Pandaria - so if you are looking for newer art than that, this won't have it.

These posters are really nice. They are printed on a card stock like paper and not easily crinkled like most full sized posters. Finding frames to fit these was a little difficult and as I began to frame them I was disappointing to find that some of the expansion cover posters were printed on the backs of others. It was difficult going through all of these awesome posters and picking which ones were going to be shown or sacrificed. Over all I like them and may end up buying another copy of the book just so I can have all of the posters shown.

the posters are high quality card stock so that the edges don't rollover or fray. The images on them are amazing. I just wish they weren't front and back because I would have loved to show all the images at once. I used them to decorate my son's World of Warcraft themed Bar Mitzvah party and they were a big hit :)

While there are 32 possible posters, they have printed these on the front and the back of the page, so you really only get to choose 16 posters.

Being a HUGE WOW fan, this art poster book is simply amazing, takes me back through all the years of playing. I have three in my collection. 1 and 2 was so I could frame every front and back artwork and hang in my man cave, and the other is well sealed and stored as a collectible. Love WOW? buy this product.

Great quality posters they are on a heavy paper and glossy love that! we ended up buying 2 because they are double sided and we wanted all of the images however one where the spin is glued on is ruined because it rips the picture, we tried on both sets to be very careful but no luck it ripped on both. so we are short 1 image. other than that we really like it
