The Ten Commandments For Jewish Children

Synopsis

Beginning with Moses and how God gave him the Ten Commandments, the story unfolds to explain each of these ten rules for living in a way young children can understand. Double-page spreads feature a single commandment, followed by a brief explanation. "2-Honor your father and mother. Listen to your parents and learn from them. Show them that you love them. Help them when they need your help". The last page fists all of the Ten Commandments to help children remember what they have just read.

Book Information

Age Range: 3 and up

Hardcover: 32 pages

Publisher: Albert Whitman & Company (September 1999)

Language: English

ISBN-10: 0807577707

ISBN-13: 978-0807577707

Product Dimensions: 10.3 x 8.2 x 0.3 inches

Shipping Weight: 6.4 ounces

Average Customer Review: 5.0 out of 5 stars 4 customer reviews

Best Sellers Rank: #841,893 in Books (See Top 100 in Books) #138 in [Books > Children's Books > Religions > Judaism](#)

Customer Reviews

Kindergarten-Grade 4-This uneven presentation may fill a need in collections serving large Jewish communities, but leaves a bit to be desired. The book begins with an introduction explaining what the Commandments are and how they were received, followed by an illustrated retelling of the story of Moses. The remaining pages feature double-page spreads that state each Commandment with a brief explanation of its meaning and an accompanying illustration on the facing page. The watercolor paintings are pleasant but somewhat static, and the text varies in language from quite simple to more complex. The explanations are oversimplified. The introduction implies that the Commandments belong to the Jewish people, without mention of any other religious groups who follow them. It is unclear who the intended audience is, as the artwork will appeal to preschoolers, but some of the language is too complex for them, and the introduction is clearly intended for a more mature audience. Religious schools may find what they are looking for here, but most libraries will want to pass on this serviceable but uninspired effort. Amy Lilien-Harper, Ferguson Library,

Stamford, CT Copyright 1999 Reed Business Information, Inc.

Delicate watercolors paint the drama of Moses' delivering the Ten Commandments to the Israelites. With a turn of the page, Nerlove's succinct history segues into a restatement of the laws, with each of the commandments receiving a double-page spread encased in a tablet shape. Beneath its Arabic and Hebraic numeral, a large, boldface statement of the commandment appears, followed by a brief and relevant explanation of its meaning. The opposite page illustrates a contemporary application of the commandment in children's lives. The laws' continuity is reaffirmed on the concluding page, where a young shepherd, representing history, and two modern-day children hold up the tablets on which the commandments appear. Sure to engage children in a discussion of the fundamental basis of their faith, this will be a popular selection for libraries serving Jewish patrons.

Ellen Mandel

It was well illustrated and worded as a gift for my young grandsons, ages 6 and 8.

My 13-year-old son, who has mild autism, just LOVES this book. With his difficulties in understanding the relatively abstract concepts involved in learning religion, it's been a little tough keeping him interested in learning this kind of material. This book, however, is very appealing to him, and he and I have read it together many, many times. This book is beautifully illustrated. The explanations of the commandments are in relatively simple language that he can easily understand, appreciate, and apply to his own life. A real winner!

The 10 Commandments can seem so remote to a young child. This book of gently textured illustrations and clear, simple text is a wonderful find. It presents the ancient story behind the commandments and then brings the commandments to life within the context of a modern Jewish child's everyday experience.
