## Customer Reviews

I had purchased this author's digital art on Etsy, so I figured there was a good chance I would like this book. There is a good variety in this book. Simple to complex, and cute to scary--a little something for everyone. Some of the pages are easy enough for a child, and some more intricate or scary, and suited to an older child or adult. Only a few are really creepy. (I uploaded photos to try to show the diversity). The pages are:-Single sided (no printing on the back) which is good since some markers bleed through.-Bright white, smooth paper-31 designs-Most designs are large scale enough to be suitable for crayons, colored pencils, even pastels-Only a handful of the designs are intricate enough to require fine tip markers

I love this, I wish they would come out with more gothic or scary coloring books....

I LOVE this coloring book! The Illustrator has a beautiful artwork style. Heck you don't even have to color them, you can hang them on your wall as black and white pictures. This is the best halloween/gothic coloring book I've seen. The art is fantastic, and creepy It captures all of my

favorite things about the gothic life style. There is a good range of art, But at the same time The images are similar in style. \*Single sided\* 60lb paper

Awesome designs, fun to color, and the best part? Single sided pages. Love it. Recommended for all adult coloring enthusiasts.

I have fallen into the "craze" of adult coloring. When I first heard of it being used as a stress reliever- i did not buy it for one minute. Then I tried and it actually worked. But im not into the regular books that are out there with the flowers and the mandalas. So when I saw this i had to buy it and the pages are awesome!

I love this to pieces. I love everything gore, halloween, morbid, macabre. Anything to do with bats, pumpkins, black cats and witches I adore. This is fantastic. I'm not into all of those other adult coloring books they're just boring. But into like this because I get to use all my favorite halloween colors! Do recommend!

Beautiful illustrations, definitely would buy again

Was a gift to a friend she loved it.
