The Rough Guide To Antigua & Barbuda

Synopsis

A handbook to the islands of Antigua with entertaining accounts of every attraction, from the busy streets of St Johns to the white-sand beaches that edge Barbuda. The guide also includes critical reviews of the best accommodation, restaurants and resorts, plus coverage of the August carnival.

Adam Vaitilingham is a barrister and freelance writer who lived in the West Indies from 1989 to 1993. He is the author of the Rough Guide to Barbados, and co-author of the Rough Guide to Jamaica.

Great guide for Antigua, perfect pocket size. It is hard to find a good book only about this country. Really usefull to plan your trip once you are there. However, the book is from 2003, and so the informations about the restaurant are not anymore real, prices went much higher since, like for the Admiral's Inn restaurant.

She read teh entire book and found it very helpful on our trip there in March. Some of it is dated but

the general info is great.

10/10/02 Flew invernness-gatwick-antigua by BA and spent 10 days following the Rough Guide. As this isle has few road signs to speak of the Guide kept us on track and to places we would never have found or been aware of. The gorgeous secluded bay 400m back from Devil's Bridge was indeed perfect and empty! Eating and drinking could also be relied upon, Turner's on Jonson's point having a great view of Montserrat volcano (take binocs), as well as ex food and svc. Having the guide made this holiday one I will remember, simple as that! Bon voyage.

My fiancée and I are going to Antigua for our honeymoon. We are staying at an all-inclusive resort, but want to take a day to tour the island. This book was very informative on popular attractions, places to visit, transportation and prices. I was only disappointed with the fact that there weren't that many photos of the island...but the few that were in there were very pretty! Definitely worth buying if you want a quick, informative overview of the island!

I examined numerous Antigua / Barbuda books in various stores and found this to be the best. It's physical size is tiny at 4" x 5.5" but it contained better information than any of the other books I saw. If you are looking for a book exclusively about Antigua and Barbuda I would recommend buying this book. It will prove most useful if you review it before you start planning your vacation.

We went to Antigua to stop the world and jump off for a week. But we didn't want to completely ignore our surroundings. This great little guide provided us with the perfect amount of history and suggestions.
