Muffin Tin Recipes: The Ultimate Collection Book with no pictures and no nutritional information but you should be able to substitute some ingredients for a healthy choice. Each recipe has a list of ingredients, along with time to make, and bake and serving size and very detailed instructions..Lots of choices for a dish and other works by the author are highlighted at the end.

I like this collection of recipes. Everything from Breakfast to dessert. Put you little used mufin tins to

work. What a great way for portion control. All the ingredients in the recipes are available in even the smallest of town. The recipes are clearly written and the directions are so easy to follow. It makes your mouth water just to read some of them. This little book contains more usable recipes than others I have read. I want to make them all.

Bite sized muffins are great for grandchildren who don't want to sit down and eat and you can hide all kinds of veggies in them

I love these inexpensive little cookbooks filled with ideas of what to make for dinner when your head is too tired or lazy to think for itself.

Great ideas for fun meals

Great ideas.

:)

I am a widow, and these muffin recipes are perfect for my meals and in multiples, make entertaining sooooo easy! Glad I got this book!! I highly recommend it to anyone who is working on portion control and/or, no leftovers.
