Customer Reviews

It is rather an article, but it is well written and has interesting insights and links about the genesis and how to deal with someone coping with gambling addiction. Useful when you want to figure out for yourself or a friend or family member what to be done in such an emergency situation.

Of all the addictions, I believe Gambling would be the worst. I have personally seen many examples of families being lost to this. I am glad there are great resources out there for people who are looking for a change. This book serves as a good guide on first understanding why you are addicted and from there slowly works upwards to finding out the solutions on your problems.

My brother is a gambling addict, has affected their marital relationship, I downloaded the book "Gambling Addiction Cure and Recovery of Your Life" I hope to find a solution for him, he ended up reading it finally admit they have a problem, he had a thought and behavior good improvement.

I am no gambler to start with. I have found the book on free promotion and thought why not quickly have it a go. To my surprise, the book introduces really good concepts coupled with actual stories. I think it's an excellent value for money. Highly recommended.

This book opens my eye.Thank you!
