# Making Money: High Risk, High Reward Strategies

## Synopsis

This book is about one thing, making money. It is about two ways to do it: Stock market trading, and gambling. And by gambling, I don't mean playing the market, I mean casino gambling. So, why listen to me? I have tripled my money in the stock market in the past six months. Of course I lost about that much during the recession, but hey, I am back to even and I learned a lot along the way. This book is about what I learned. Hopefully, it can help you. Why casino gambling? Apart from being fun, every time I've walked away from a casino in the past two years I've been up money. Yes, that's right, I keep track. I used to lose both in casinos and in the market. But I don't anymore and this book will tell you how.
