Carb Cycling: The Simple Way To Work With Your Body To Burn Fat & Build Muscle – Includes Over 40 Carb Cycling Recipes!

Synopsis

Finally a Simple Approach to Burning Fat & Building Muscle That Actually Works! Are you tired of feeling miserable and starving yourself to only temporarily lose weight? Do you gain too much excess fat when trying to build muscle? Do you want to be able to strategically enjoy delicious foods that will actually help you burn fat? If you answered "YES!", then you'll want to download this book. Here's the reality: Dieting used to suck: You're tired of eating the same boring healthy foods. You're tired of eating 6 small meals a day to "boost your metabolism." You're tired of gimmicky diets that leave you feeling miserable. And finally, you're tired of gaining all of the weight back. Luckily there's a better way to go about this and it's called carb cycling. Carb cycling will finally give you a dieting approach that'll allow you to lean down while eating your favorite foods. And the best part is that because it's so easy to do, you'll be able to maintain this diet for life, which means no more rebound weight gain. Here are a few things you'll discover in this book: Over 40 done-for-you recipes with calories and macros already counted for you to make carb cycling that much easier. How your body actually works in regards to burning fat. How many calories you need to eat to start losing weight or build muscle. What the carb cycling diet is and how to get started with it today. The best way to set up your carb cycling schedule even if you're a busy person. The best (and easiest) way to accurately track your carb intake. How to implement exercise in with your carb cycling diet. A done-for-you exercise routine is included. And a whole bunch more! Imagine 12 weeks from now burning off more fat than you ever have, and easier than you ever have. Imagine having more energy and looking better than ever before without going through all of the strain and stress of a typical diet. By doing carb cycling, you can build the body of your dreams without having your life revolve around fitness 24/7. Scroll up, click the buy now button, and start your path to the best looking body you've ever had! **SPECIAL BONUS FOR READERS!** With this book, you'll also get access to an exclusive free ebook that will teach you how to build the Hollywood physique that many actors are sporting around today. You'll make noticeable changes to your physique within the first 12 weeks.

Customer Reviews

Too complicated.

Good information if you're just now starting carb cycling. It's first important to understand exactly what carbs are and what their function are in the body before we get into the in and outs of Carb cycling. Tracking your calories and macros is imperative if you want to see success with Carb cycling. This is going to be the most tedious part of the process, but it has to be done. This book has a lot of information about the carb cycling diet and contains a lot of recipes too, for those who are following the diet plan. I think it is a very good book.

Decent book i like it and appreciate the entire reading. Carb cycling will at long last give you a consuming less calories approach that'll permit to lean down while eating your most loved foods. And best of all, since it's so natural to do, you'll have the capacity to keep up this eating regimen forever, which implies no more bounce back weight pick up. I prescribe for this book since this book is extremely useful for me and i feel that this book will help all individuals.

For beginners. Very easy read. Author explain good carbs vs bad carbs and the effects it has on the body. Provides a simple workout plan and 15 low carb/15 high carb recipes. Also teaches a simple way to calculate your TDEE by hand without a HR monitor device. Teaches you how to calculate your calorie intake to lose weight or build muscle while incorporating carb cycling. The exercise

program suggested doesn't incorporate a exercises for abs. It's really for beginners.

Very well written, easy to understand and packed with information. The Carb cycling diet seems to be a very exciting and rewarding diet that does not leave you food deprived! This book explains things in a way that is easy to understand and follow. It has a lot of practical advice and tricks for getting through the rough times. Highly recommended for anyone who wants to lose weight without giving up carbs entirely.

Life changing!! Get the book! I've been anticipating this book ever since Thomas Rohmer announced he was going to write it. Thomas Rohmer shares valuable information on "quick fix" diets and explains the reason WHY they don't last. He also provides knowledge on the benefits of choosing Whole Foods as a lifestyle; specifically highlighting the sweet potato as a staple food source. The recipes are amazing and can be used by anyone big or small. Either way...you will experience positive results! I would recommend it to anyone looking to change their weight, their health.

An excellent introduction to carb cycling. I had never heard of this kind of diet before, but the first chapter does a great job of explaining what it's all about. The book also offers a lot of delicious low-carb and high-carb recipes for breakfast, lunch, and dinner. I especially liked the easy to prepare breakfast recipes which I found very helpful. I would definitely recommend this book!

Carb cycling finally give me a dieting approach that allow to lean down while eating your favorite foods. And the best part is that because it's so easy to do, you'll be able to maintain this diet for life, which means no more rebound weight gain. By doing carb cycling, you can build the body of your dreams without having your life revolve around fitness. Moreover, the recipes of this book is so awesome and healthier means to live a better life.
