**JAXSON COCKERS** Some people say it's impossible to meet your soulmate when you're eight. They're wrong. No f-ing way... It can't be her after all these years. Getting kissed by that city-boy douche-bag is Rachel Sawyer... My best friend and secret love when I was just a boy. The only girl who could ever hold my interest past a minute. Look at him, all sleek and done up like some woman. Is that what she throbs for in a man? I doubt it. But I've got a ranch and a quiet existence. I can't compete with a flashy New York City life. Screw it. I don't care. I won't lose her. Not to him. Not to New York. Not again.

**RACHEL** God, Ryan, really? Another email? Can't you just enjoy the sunny day? Wait... there's a gorgeous man staring at me from across the farmer's market. His sharp emerald eyes are daring me to remember him. Who is he? I don't live in Atlanta anymore. Haven't since I was a little girl. So why am I walking to him like he's magnet and I'm metal?\*\*\*

## Customer Reviews

This Cocker brother is sweet, thoughtful, fun, and an amazing character! His love with Rachel is swoon worthy, especially after two plus decades. An extremely challenging "situation" with the potential to break the hearts of not only Jaxson and Rachel, but will devastate the whole family, is wonderfully written and wrenching. A beautiful, beautiful story, thank goodness there are 3 more brothers! Can't wait! I received an ARC in return for an honest review.

Got the book. Read the book. Could not put it down, made hubby order pizza!To find a love, even at a young age, is remarkable. To find that love again, is beautiful.Thank you Faleena for showing another 'face' of love. I enjoyed the book from the first page.

This book is Cockey Cowboy: A Second Chance Romance, book three in the Cocker Brothers series, written by Faleena Hopkins. This book is about Jaxson Cocker and his childhood friend Rachel. They were separated at the tender age of ten and suddenly come back into each other's lives. What

would you do if you see your childhood sweetheart with another man? Would you hit him and go to jail?? Well, why not!?! We all need some Cocker brothers in our lives!! Loving this whole series!!

Come On! ;) The Cocker Brother's just get better and better! This is an amazing series! Jaxson & Rachel's story was emotional and full of twists. Some I had to actually reread that paragraph or sentence to see if I read it right. So worth the read. This story was hot and sizzling, its was funny and also had me shedding tears. I couldn't put it down! Jaxson & Rachel found each other at the age of 8 and the connection never wavered. Can't wait to read on in the series!

Jaxson and Rachel were childhood friends that haven't seen one another for years. Rachel is one person Jaxson can talk to about anything and never get bored. Their chemistry is a constant pull. Rachel and Jaxson learn about a twisted truth that happen a long time ago. Jaxson is left with the burden is hiding the truth from his brothers and his mom. I hope future books touch on this subject so I know how Jaxson is handling the burden.

A by chance second meeting with your childhood friend. So many memories come flooding back when you're young. Possibly building up feelings that can change over time, but not with Jaxson or Rachel. Emotions search and then a bite of politics comes into torment their lives. I kept putting it down and then picking it back up as frustration levels would rise the senses to find out what happens next continues. Bring on another brother!

I fell in love with all the main characters. The chuckles just kept coming. This book was great, had a few twists, some sadness, but mostly love! I would recommend this book! It was a good fast read you don't want to put down. I can't wait to read the rest of the Cocker boys stories. Love the HEA and no cliffhanger. Great author.

I guess technically this isn't a 2nd chance but I love the story of love drawn out over years. It amplifies the meant to be and the HEA. I'm curious to see if congressman Cocker ever makes peace with Jett. It's only one of the reasons besides the awesome writing that I am reading this series. 2 thumbs up!
