I had always been curious about mudras. I decided to take a look and I'm clearly amazed at what I found. Having, since bought this easy read, received much better mental clarity I'm really happy. I feel much more relaxed throughout day to day activities and have made conscious decision in turn and see goals much more in view. Thanks!

Mudra is translated as a sign or seal . The wise do not give you a complete cure , but it can significantly help people who have the disease . The book describes how to do this . The book helps to find the right wisely and then execute it . It was interesting to read.

Detail description of what a Mudras is and how to apply Mudras for healing. It was clearly written first in British English and later changed to American English. I'd give it a four star.

Great book with easy to follow steps. Also liked the photos included in the book.
