Neale Donald Walsch On Relationships

Synopsis

We are all involved in relationships. Indeed, we are all in relationship with everything and everyone, all of the time. We have a relationship with ourselves, with our family, with our environment, with our work, with each other. Everything that we know and experience about ourselves, we understand within the context created by our relationships. For this reason, relationships are sacred; all relationships. And somewhere within the deepest reaches of our heart and soul, we know it. That is why we yearn so for relationships; and for relationships of meaning. It is also, no doubt, why we have such trouble with them. At some level, we must be very clear how much is at stake. Yet it is possible to have joyful relationships, and the extraordinary insights in the Conversations with God books show us how. Neale Donald Walsch on Relationships is inspirational, humorous, and practical. Neale examines the patterns that hinder our ability to build and maintain successful relationships; teaches us to move beyond restrictive ways of relating; and explores different types of relationships; with God, with self, with others; demonstrating how they all affect and enhance each other. If you want help in understanding relationships, here is a usable, powerful; and entertaining--key to opening the door to awareness.

Customer Reviews

These small volumes (5x7-1/2) are packed with wisdom. Recommended -- Spiritual Frontiers Journal, Vol.32, Fall/Winter 2000

Condensed from a live seminar recording, this program allows the listener to hear the author's views on some important issues and to experience him in a more personal way. He makes his points by sharing poignant stories and by engaging intimately with the seminar participants. The live segments are interrupted periodically by studio recordings of Walsch elaborating a point or reading from one of his Conversation With God books to the sound of quiet music. The message is clear enough--that relationships work better when you give instead of receive. For many listeners, the author's comments and personal intensity will be fascinating additions to our understanding of Neale Walsch the man, as well as his message. Having read all of Neale's books, this is an excellent "how-to" book to learn how to be in a relationship with someone you love. Probably, not what you might think, if you are not familiar with Neale's Conversations With God books...but if you would approach the one you love in the manner described in the book both of your lives will change dramatically for the good! As a marriage and family psychotherapist, I use this book frequently with couples to start their "homework" process. While it may feel a bit "new age" with references to God as "he" and "she," know that this is a reminder that God is not that white haired guy on the Cistine Chapel ceiling. Try it and then give it to another couple, pass it on.Holly K. Klein LSCSW/LCSW

I work with a diverse population in counseling and the main problem of all my clients begins with Relationships with parents mother/father, siblings, or a spouse. A relationships doesn't necessary have to be an intimate one. This book has helped me understand what a relationship is and how to maintain your relationships with everybody you meet. I really enjoyed this book and I highly recommended to anyone looking for a good book.

I'm a huge fan of the Conversations with God collection and decided to give this book a go a couple years ago. It's a super quick read that documents what was discussed at one of his retreats and I absolutely love it. I re-read it periodically because it's always relevant--to ANY relationship you have with any human being. A solid and concise book of advice. Everyone should read it, definitely.

While NDW books are ALL amazing & it would be difficult to pick a favorite... if I absolutely was pressed to, this is the most useful book on relationships I've ever read. Definitely not the

same-'ol-same'ol.

I love the "Conversations with God" books and this book is a great little synopsis of what he covers in the CWG trilogy. You don't need to have read the CWG books to understand what Walsch is teaching in this book though. I've given this book to many friends over the years to help them understand how amazing a healthy relationship can be!

The book saved my relationship

This beautiful book is so profound and help you see the relationship in a different way (totally different way). Not only your romantic relationship, but all your relationships in your life!!!!It's a really great book!!

This has always been a favorite book on relationships. I keep several copies to hand out for people having trouble with their relationships.
