## Customer Reviews

Approximately 200,000 entries and 2,500 illustrations. A carbon copy of The American Heritage College Dictionary except that it contains no vulgarisms or offensive terms. The introduction has been written specifically for the high-school audience. Grades 9-12. --Mary Ellen Quinn --This text refers to an out of print or unavailable edition of this title.

The Editors of the American Heritage Dictionaries and of other reference titles published by Houghton Mifflin Harcourt are trained lexicographers with a varied array of interests and expertise. Most of the editors hold graduate degrees and have studied at least one foreign language. Several have degrees in linguistics or in the history of the English language. Others have degrees in science or sometimes other disciplines. All the editors familiarize themselves with the vocabulary in specific subject areas, collect materials on new developments and usage, and work in association with consultants to ensure that the content of our publications is as accurate and as up-to-date as

possible.

Since I had to find dictionaries for all grade levels (1st, 4th, 6th, 9th, and college) in my house, I ended up purchasing three and this one though it is labeled as "high school" was purchased for a bit of a layer of grades. If the middle schooler needs a more indepth definition or something the other dictionary simply doesn't have then this one works well. It's of course perfect for the high schooler and it even works well for most college work. This is a nice durable dictionary when it comes to a wide range of grades that it can be used for. I would shy against using this for a middle schooler as their main dictionary resource only because it's a bit daunting compared to the Merriam-Webster's Intermediate Dictionary that we purchased to be used by the 4th and 6th graders. This dictionary comes in a durable hard cover and is really a well done and informative resource. I think that it's one of those dictionaries where it's not too confusing and it gives you just the information you need (and sometimes a bit that you may not realize you need until you get an assignment for it!). Definitely a great buy for high school or college (if you're not an English Major!)

The American Heritage High School Dictionary has an excelent format; however print quality leaves something to be desired. There are pages where the print is smudged and difficult to read. The clearest, most concise, and easiest to understand definition is of no use if it cannot be read.

Great book, and I liked it :) Thank you so much Thank you so much Thank you so much Sincerely, Mohammad Jeffrey

It was a Christmas present for a young preteen family friend. She loved it.

great product!

just what my daughter needed for school

Excellent dictionary.

I was looking for an American dictionary that could see my 7 year old son through college. I scanned the and read in detail about all available dictionaries and made this choice. Now I am using it myself also. It presents words broken into syllables and the pronunciation key is provided on

every page. This makes correcting pronunciation easy. It is partially illustrated. This makes it pleasant to read. Although it is thick, it is light. This is an important consideration for students. The binding is strong, so is the paper. I am sure it will see my son through college.
