I absolutely am in love right now with these cards. I have a great connection with them and everytime I hold them or think of them I smile! You sooooo need these, I recommend them.

I own more than a few tarot and oracle decks and these have to be my most loved by far. The cards are beautiful and they read remarkably well. Found the scriptures on each card very insightful. Love that each card is numbered making it very useful for ease of use with the guide. Recommend to anyone for sure!

My new favorite deck. The artwork is fanciful and the messages are cute yet meaningful. My favorite part is the detailed explanations in the book. Originally, I thought this was targeted more toward teenagers, but the messages apply much more broadly than I thought.

Although the pictures at first seem dark, the descriptions that go with the cards are AMAZING. Full of light and love. These cards were written by someone in a beautiful mind frame. I bought them for my brother and sister-in-law. At first they weren't sure because the pictures, but after reading the descriptions of the cards they chose they love them. I feel the same way!By the way... the cards are very well made! They are also on the larger side.

These cards are beautifully drawn!! Each card has a style all of it's own. This is my first oracle deck and I absolutely love them. The booklet includes a few different spreads for you to try, however I do not follow the definition of the cards listed in the booklet. Mainly because those definitions sound like they are written for a high schooler or younger.

I think I have literally bought most, if not all, of Lucy Cavendish's decks. I love the artwork, the cards are large (yay!), & the card stock is fantastic. This deck reads really well for me, no matter the subject.

So like the tarot deck I bought by this artist, I can't compliment this set enough. The artwork is both unique and breathtaking. Not to mention the cards themselves are extremely unique in the way they are named. This deck also connects with me VERY well... Kudos! Oh and another thing! I got this the day after I ordered it. :) So great shipping time!

Absolutely Beautiful. Every card has a creepy/fun feel. Different from most of my decks, but that's ok, because I needed a good balance of cards. They aren't "evil", just a fun balance of gothic /precious moments. Now that's fun.
