The Secrets Of The Power Of Intention

Synopsis

In this live lecture, Dr. Wayne W. Dyer explores intention as an all-pervading force in the universe that allows the act of creation to take place. Intention, he explains, is not something you do, but an energy you're a part of. Not only do you emanate from the field of intention, but if you align yourself to it, your desires become fulfilled and you find yourself at peace. Healing, manifesting your desires, and creating miracles are genuine possibilities, and indeed, probabilities, when you listen to Dr. Dyer and connect to the power of intention.

Customer Reviews

A magnificent, sensitive, incredibly personal journey of an individual who is in the process of striving to align his life's journey with his spiritual purpose -- Dr. Dyer's personal Intention. A continuing journey he shares with those of us who dare to look within to find our own purpose by taking a closer look at life experiences to find authentic meaning. Thought provoking, challenging, inspiring, connecting, and gentle. A spiritual guide for those seeking greater meaning during their mortal journey. For those who find peace in their faith and have a strong religious commitment, Dr. Dyer's thoughts do not conflict with any recognized monotheistic religion or the core values upon which it has been built and maintained. This set of CDs has been most useful to me and to a number of those who share in my life and my clinical practice.

Dyer is amazing. We all know that, but I consider this his BEST Work. Intention is something we all have, like it or not. But HOW we work with it, HOW we evolve what we do or say is a marvelous

topic. I like these CDs, because I can stop and think. I remember seeing Dyer on PBS making this. It blew me away. I was hypnotized. But I wanted to ask questions, and couldn't. That's why these CDs are better. You can't take in just so much and then stop. A heavy subject like this is like a good steak! Eat it slowly and enjoy! Dyer is like that. I love that he LOVES his subject and people. He is a born TEACHER, without pushing/sounding stuck up/or "above" his public. He is REAL. BUY THIS. LISTEN. IT WILL ENRICH YOUR LIFE.

I'm listening to Dr. Dwayne and can't get enough of him! Love the book! I feel like it working in my life already! It's definitely a life changing experience! I started to listen to Dwayne Dyer few months ago on YouTube, and saw the movie Shift, which I highly recommend! My thinking has been shifted! I can't thank him enough, I do see great transformation in me.

This is great stuff. I recommend it highly for yourself or anyone that is struggling in life.

Wayne Dyer makes perfect sense in helping us understand our connection with God, our Source. I listen as I drive and, even after 3 repeats, find it inspiring and worthwhile. Recommended for everyone who wants to maximize their joy while on this earth and have confidence in their eternal being.

Wayne Dyer has helped millions of people who are seeking to find a better way of living. This CD Set of his live lectures is a marvelous, easy way to do just that. He lays it all out in laymen's terms. My husband and I listen to it over and over; at home and in the car. It has improved our mindsets and added much to our thought processes. We are extremely spiritual people and listening to these lectures adds to that dimension within our marriage and in our assisting others attempting to reach higher goals.

Power of Intention is breath-taking. I have listened to the CDs during my long commute very frequently. I learn something each time I listen to the CDs. I wouldn't have it any other way. If you have not listen to Power of Intention, you are truly missing out.

I actually cried when I got to the end of this one. What an amazing concept that has rocked my world when it comes to manifesting my desires. I am so blessed to have encountered this information. And it was awesome to 'listen' to it, rather than read it!
