Customer Reviews

Covers Pokemon Emerald, which is significantly improved over the original Ruby and Sapphire games. I was also using this for a period of time for playing ORAS, and it is pretty similar but the ORAS guide maps & guide suits that need better, but Emerald guide was inexpensive at my time of purchase. Basically I tracked down legit carts for Emerald (which was a time consuming task authenticating), so I got the guide after with plans for more future use. I've skimmed it and used it briefly, looks like a decent guide.

Came in excellent condition.

WAS DELIVERED AS PROMISED!!!
