Customer Reviews

This cookbook has information on various types of fish, as well as guidelines for storing, buying, cutting, etc. There are pictures of every recipe and the recipes are really fabulous. There are a few

that either have fish that I never saw in a store before, like rockfish, as well as some recipes that are expensive to make, like requiring 4 live maine lobsters. However, the benefits more than makes up for the downsides. Great book if you like seafood - especially shellfish

All 3 items that I ordered met my expectation. As a matter of fact, I use recipe from all 3 already

thank you

Nicely done. Easy recipes.

Beautiful illustrations. Every recipe has tips/tricks and information on the side of the pages.

I love this cookbook! I would recommend

Some unique seafood recipes with a Spanish flair. Love the paella. Would have liked a few more New England style recipes.

Perfect book for a seafood lover.
