Customer Reviews

Ed has hit it out of the park with this new installment of Breeze adventures. I read his first book "Leap of Faith" which inspired me to actually do it. After a year and half on my own Catamaran, I still enjoy his books and sailing around! We've gone over 5,000 and still going. You go Ed, keep those great stories going!

I loved Restless Breeze, the character just gets better with each book. I also enjoy the way past

adventures are tied into present situation. A great read and highly recommended

Another enjoyable Breeze novel. Easy reading and allows us dreamers to escape reality for a while. Ready for the next in this series. Good job and keep writing.

Breeze and Brody have been cruising through the Caribbean for a year and are both getting restless and a bit homesick for the USA and creature comforts. The only problem is that Breeze is having nightmares starring Bobby Beard's death. As a possible means of ending the dreams, Breeze decides to return to the scene of the crime and make apologies to those affected by the fallout. While on this pilgrimage, Breeze encounters Big Mike, Holly, Tommy, an 80 year old drug smuggler, and a discharged Marine. In typical Breeze fashion, things get complicated, but crap works out. Travel with Breeze and Brody through the Caribbean, Guatemala, Belize, Grand Cayman, the southern Gulf Coast of Florida, and the Keys in a variety of escapades in true Breeze fashion. Great read as usual.

Another Island adventure in the places I can live! Real people and "Real" stories from a gifted writer. Ed claims this is fiction. We readers know better, there is treasure out there where the flash of green says it's deep blue good bye in the waters of the Gulf of Mexico. I am going hunting for Breeze.

Another great BREEZE book. I thought I had it figured out several times, but new twists in the story kept me constantly rethinking it! A bit of everything, great characters, very well developed and new and interesting stories within the story. A must read for all us BREEZE fans and a great book on its own if you're new to Breeze too. Can't wait for the next one !!

This series of books has been great. Each book has been so hard to put down and when one ends you are ready to continue the adventure. Within the span of 2 weeks I have gone through this collection and I can only say wow. I am eligible for retirement in 4 Years 11 months and 3 days (but who's counting) and I hope to retire to Florida to enjoy it. Ed Robinson has opened my eyes to another way to enjoy this by being on the sea (just have to convince the wife). Thank you Ed for these books.

One of the best books in the series. Many of us fans were extremely disappointed in the out of character incident by Breeze in Guatemala. Ed Robinson redeemed our hero in this novel and

steered a true course through this page turner. All of my fellow Trawler Trash (and wannabes), will love this story !!
