Customer Reviews

My kid loves it. Seems it is useful for my younger one who is lazy or did not know how to organize herself.

love this series Hope it helps her, great addition to the library good topic well outlined for tips

excellently done book

My daughter loves these books!

Excellent book for the middle school crowd. Wish I'd had it at that age!

My 9 year old is a little messy and disorganized. I bought this for her, the cool thing is there are some systems in the book to help figure out how to get organized and stay that way. She was super excited to read it herself and get started on implementing the systems.

Grand daughter loved all the tips to organize.

Perfect book for my 11 year old!
