Michelin Must Sees Brussels (Must See Guides/Michelin)

Synopsis

Must Sees Brussels, a new international title joining the Must Sees series, highlights the best of this diverse city for a 24-hour visit, a weekend or longer. Explore cobblestoned Grand Place; wander through world-class museums, and admire works by Magritte and the Flemish Masters. Check out the myriad chocolate shops, and sample some Belgian ale with your moules frites. Visit Belgium's other Michelin three-star cities to enjoy Antwerp's Old Center, Bruges' canals and Ghent's medieval houses. Do it all with Michelin Must Sees!

Customer Reviews

Excellent, very informative and comprehensive guide

I loved it

I had never used a Michelin guidebook before and so I decided to give this one a go for my daytrip to Brussels in June. While I came away impressed by many aspects of the guide, there are a few things I think it could have done better. First: The Good. I really enjoyed how this guide was written. The author has obvious enthusiasm for the city and it shines through on every page. Helpful star ratings are provided so you can quickly see what's a "Can't Miss" site. The color pictures are a nice addition and the information is presented in a largely logical manner. In these crucial regards, the Michelin guide is a complete success. Alas: The Bad. However, there were some aspects of the

guide I found less than stellar. For one, the index is very bare-bones, and indices are very helpful when quickly trying to find information about a sight, particularly if you don't know what chapter it would fall into. More importantly, the maps are rather poor. Brussels is not built on a grid system at all. The streets change names frequently and spill out willy-nilly in all different directions. Plus they all have two names due to the bilinguality of the populace. I consider myself fairly savvy with directions, but sometimes in this city I was hopeless. Unfortunately, part of the reason I was hopeless was the guide. It only provides two real maps of the city and they're both very small. If I hadn't gotten an additional one from my hotel, I would have been doomed. Now I still recommend the guide, as the good definitely outweighs the bad in terms of importance (if not ink spilled above). But with that said, please get yourself a map at the airport or your hotel. Because when you are wandering the streets...you will need it.
