Customer Reviews

Hard to find. Excellent quality. We need more of these in production. Even in an age where people turn to their smart phones for instant (more short sighted) maps there is no substitute for a good thorough street atlas that does not only allow you to see where you are and where your going but contextualizes the space around you. The directions given on smart phones are often poor if you have an understanding of the big picture, which only a real hard copy map/atlas like this can give you. HAGSTROM (and their affiliate companies..ie American Map) IS THE BEST!!! PLEASE DON'T GO AWAY!!!

Sometimes I just NEED to see it on a map and this edition is just the ticket! Finding this in a store was impossible or it sure seemed that way. God help us if they stop making maps!

I was expecting this to be a good road map of western MA. Instead, it is just a compilation of Western MA city and town maps in alphabetical order. It is virtually useless for travel between cities or within any areas broader than a specific city or town.
