ISBN-13: 978-0785830429

Product Dimensions: 8.5 x 0.3 x 11 inches

Shipping Weight: 11.2 ounces (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars 174 customer reviews

Best Sellers Rank: #55,228 in Books (See Top 100 in Books) #10 in [Books > Arts & Photography > Other Media > Body Art & Tattoo](#) #49 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Papercrafts, Stamping & Stenciling > Papercrafts](#) #107 in [Books > Arts & Photography > Graphic Design > Techniques > Use of Color](#)

## Customer Reviews

I found this actually at our local Michael's craft store. I'm glad I got to look through it first and after a quick inspection I bought two, one for my boyfriend as well. I knew if I only got one that we would be fighting over a lot of the same pictures! Lol this book has just about everything! Some pages are one big picture of something and others have a few mini pictures. The detail in them ranges from pretty simple to a few that are so detailed it might take me a month to finish! And even the simpler pictures can be more detailed if you make them more detailed... I really think the people that say this book has too many simple pictures are either looking for more things like mandala (which I also like to color sometimes) coloring style books! If you have an imagination, you will love this book! For example the first picture I posted is of a fairy girl, I added in all the patchwork on her to give her a different

look....The pages are much thicker than normal coloring books!

I loved this when it came in the designs are great and real easily to use as a stencil as well for beginners to just start off with. The lines in the book are bold like many of the traditional style tattoos and that is a basic to know and understand for people practicing line work. As for the coloring in the pictures my kids love it I make copies of the designs and let them color those in. I would highly recommend this product for anyone and every one the variety is just immense in this book and it is worth the couple bucks for it

This is a solid, and well put together coloring book, for a very reasonable price. The majority of the designs are great, and the paper is very high quality. Honestly the only thing keeping me from giving it a full 5 stars, is that several of the "full page" tattoo designs, simply aren't worthy of being given an entire page. They should have been shrunk to half their size and put on a page with multiple other pieces of flash art instead. There's just not a lot of fun to be had in coloring in a lovely but simplistic Traditional Americana 'heart with dagger and banner' design that takes up a \*whole\* page. And it leaves you wondering if they simply didn't have enough pieces of art to properly fill up an entire book.

The pages are thick and one sided so you can use markers without worrying about it bleeding on the next page. It is built like an actual book, the quality of it is just amazing.

I bought this for my boyfriend for Christmas and he loves it. I find him coloring in it a lot and the designs are great. keeps it manly for the men

Received item quickly. Packaged well.Can't wait to start creating a few images of my own. For people who enjoy coloring this is awesome.

This is a great coloring book, with a lot of great die songs to keep you coloring for hours. This book is a lot thicker tha I thought it would be so you will defiantly be coloring for hours

Its petty dope. The only problem I found were the tribal designs. Almost anyone knows tribal tattoos are for douche bags named Todd who is rich because his family is. On his internet dating profile he lists "beer pong champ" as his occupation.
