## Synopsis

The adventures of Laura Ingalls and her family continue as they move from their little house on the banks of Plum Creek to the wilderness of the unsettled Dakota Territory. Here Pa works on the new railroad until he finds a homestead claim that is perfect for their new little house. Laura takes her first train ride as she, her sisters, and their mother come out to live with Pa on the shores of Silver Lake. After a lonely winter in the surveyors' house, Pa puts up the first building in what will soon be a brand-new town on the beautiful shores of Silver Lake. The Ingallses' covered-wagon travels are finally over. Correlates to the Common Core State Standards in English Language Arts.

ASIN: B01N8RM47N

Best Sellers Rank: #71 in Books > Audible Audiobooks > Children's Books > Classics #364 in Books > Audible Audiobooks > Children's Books > Fiction

## Customer Reviews

Not my most favorite of her books, it seems to be lacking the feel of the author that is shown in the others in the series. However, if you are reading the series, you can't skip this one!

While on a road trip with my mother, sister, and niece to various Ingalls' family sites in the midwest, we listened to most of the Little House books on CD. We loved them. We thought my niece might balk a bit at not listening to music, but we were all drawn in to the stories and the books provided hours of entertainment. Cherry Jones is an excellent narrator and does a pitch perfect job. I wish these were available via Audible, too, so I didn't have to deal with the physical media.

This is the fifth of nine books in the "Little House" historical fiction series by Laura Ingalls Wilder. The book starts with the news, in the first chapter, that Laura's older sister Mary has gone blind. The

information is related matter-of-factly, "Her blue eyes were still beautiful, but they did not know what was before them, and Mary herself could never look through them again to tell Laura what she was thinking without saying a word." (p. 2) Laura has to become Mary's eyes and see for her, describing in detail what she is seeing so that Mary, too, can "see." The perceptive reader understands how central this experience, this role, was in shaping the future author of this series of books which are enduring across generations of readers, young and old. Much later in the book, in the chapter, "On the Pilgrim Way," a much beloved, Reverend Alden is visiting, passing through with a very young (boy preacher) Reverend Stuart, and has just said to Ma, "I am sorry indeed, Sister Ingalls, to see the affliction that has come to Mary." The reply comes, "Yes, Brother Alden," Ma answered sadly, "Sometimes it is hard to be resigned to God's will. We all had the scarlet fever in our place on Plum Creek, and for a while it was hard to get along. But I'm thankful that all the children were spared to us. Mary is a great comfort to me, Brother Alden. She has never once repined." Brother Alden extends encouragement and comfort, "Mary is a rare soul, and a lesson to all of us... We must remember that whom the Lord loveth, He chasteneth, and a brave spirit will turn all our afflictions to good. I don't know whether you and Brother Ingalls know that there are colleges for the blind. There is one in Iowa." The account continues, "Ma took tight hold of the edge of the dishpan. Her face startled Laura. Her gentle voice sounded choked and hungry. She asked, 'How much does it cost?'" In this book, perhaps more than the other books in the series, the author develops the subtleties of what the Ingalls family is all about, the close interrelationships of its members, their self-sacrificing devotion to one another. With the news that there are colleges for the blind, Laura determines to work hard so that the family can afford to send Mary to one, a theme that carries throughout other books in the series. The author does a nice job of developing the central characters, especially Mary, whose blindness does not in any manner stop her from being a valuable, contributing member of the family. For example, it is Mary who warms and entertains baby Grace on her lap in the rocking chair by the fire, a repeated sweet scene. Mary is mentally sharp and keeps the free-spirited, free-wheeling Laura on her toes, particularly when it comes to being truthful and describing accurately what she (Laura) is seeing. When Laura tells her the road in front of them has disappeared, Mary objects, saying that is impossible. Laura struggles to explain. In the chapter, "The Shanty on the Claim," Laura describes the shanty, which is papered with black tar paper fastened with yellow lath strips as "tiger-striped." Mary corrects her and points out that tigers are yellow with black stripes. Laura gets her first glimpse of her future husband Almanzo Wilder, who along with his older brother Royal, passes the Ingalls family, the Wilder boys standing in a wagon, driving a beautiful, matched set of horses. Laura's attention is consumed completely by the beautiful

horses, and she seems to scarcely notice the young men. We cover this series, as well as the prequel series (The Martha Years, The Charlotte Years, The Caroline Years) and the sequel series (The Rose Years) in our home school curriculum with my grandchildren, who are currently 11, 8 and 6. My grandson enjoys the books at least as much as my granddaughters.

great story and the CD works perfectly

the best books for girls

Cherry Jones once again brings the characters from Laura's story to life in a unique way. I look for excuses to travel in my car just to be able to listen to another segment of the story! I have read all the books in the series, but I am discovering many aspects for the first time, simply by having them read aloud to me with such care. I bought the first set of CDs to try it out - then I couldn't get the rest of them quickly enough to keep up with my renewed enthusiasm for the stories. My only regret is that one day, I WILL reach the end of my supply! Of course, I can wait a little while & then start listening all over again - but at the moment I am relishing the freshness that comes with each CD. They are, indeed, American classics - but even as an Australian, I see the universality of the subject material, especially as read (& sung) by Cherry Jones. These stories are timeless and profound. My admiration for the family of Charles & Caroline Ingalls grows daily. They are absolutely still alive in these recordings - the voice, the music, the story. We get to know Laura and her family & friends a little better. I will probably always re-read the books with the voice of Cherry Jones in my head - this is a good thing! Thank You!

Got these for my 9 year old daughter and they are great looking books. Quality stock and the pictures are very nice. Only quibble is that the cardboard case was already damaged on delivery (due to the quality paper stock, these books are heavier than similar sized paperbacks, but I guess the case wasn't any stronger). Wasn't a big deal for us as we haven't ever been able to keep one of those cased intact for long anyway. Plus, there are a few more book in the series that aren't included with the set so the case would eventually be left begined anyway. That being said, if this is important to you, may be something to consider. Although, if requested, would probably send a replacement, we just didn't bother.

I was talking to my daughter and found out she had never read The Little House books. I just can't

live in a world where they haven't read it. So I bought this for her to read to my granddaughter. This is not the feel good everything works out by the end of the TV show read. It is a story of hardship and privation. An in depth look and our brave ancestors and what they had to endure to realize their dreams. Of course there is love and family and happiness too. The accounts of their daily lives are amazing.
