## Customer Reviews

J.r. Rivera is an empath and Tarot card reader who owns a wide and diverse collection of both domestic and foreign Tarot and oracle decks. Jasmine Becket-Griffith is a renowned illustrator whose artwork has been displayed throughout the world, as well as media outlets.

I really love this card deck and first off I would like to thank the creator of this card deck for putting in the booklet 10 different spreads. The problem is I don't always have the time to sit and do the many spreads that are offered in the booklet it's nice to know I have many options spread wise. The way the cards are worded can be confusing at times, and the definition in the book can be overwhelming

but other than that I still like them. It has the typical character look that you see in most of Jasmine Becket-Griffith's art which is mostly a little girl with big eyes and a pouty look which I love. The deck seems like a combination of cards from the various card decks she has which is also nice. I also like that there are astrology cards and earth, water, air, and fire cards as well and also includes two extra cards as well. Also it comes in a nice strong box and the card stock seems strong as well, so this card deck I will have for a very long time in great condition. I like the fact that these cards are considered more tarot than oracle cards as well. So if you like tarot and like Jasmine-Becket Griffith this is the card deck to get.

From the moment I opened the box, this deck became one of my favorites. And I have about 50 decks of oracle and Tarot cards! It gave me an extremely accurate reading. (It brought up issues I wasn't even consciously aware of) And the cards are beyond beautiful. I loved the guidebook, and I liked the fact that it didn't follow the normal tarot with the court cards. I have other tarot decks, so if I want a traditional court card, I can go to them. I also like the two bonus cards. It helps shake my readings up a bit. Anyway, I can't wait to work with these cards going forward. I could feel the energy from them as soon as they arrived.

I love Mrs. Jasmine Beckett-Griffith's work and I was so excited when this deck came out! Her work has always spoken to me in the way that's required when using a Tarot or Oracle deck. The connection between author and artist, deck, and user is prominent and identifiable, the work is beautiful, and the energy of the deck as refreshing and wonderful as any well-thought and put-together deck. I am very pleased with this deck and will cherish it forever.

So, I can't compliment this set enough. It's well packaged, the box is beautiful and well set up, and the artwork is both unique and breathtaking. Not to mention the cards themselves are extremely unique in the way they are named. This deck also connects with me VERY well... Kudos! Oh and another thing! I got this the day after I ordered it. :) So great shipping time!

I have been learning and getting use to them and they are great if anyone working with cards always needs time to understand the way each decade is created and able to see yourself in these stories or someone else if you like telling stories this is it but different it can become a déjà vu .

Beautiful artistry and simple to understand for beginners. Love the extra card meanings. I do wish

the cards had their own smaller box though. I did not like the way they fit in big box. However I do love the quality of box I did not like the inserts at all. Hope this can be improved with other sets. My suggestion would be solid inserts OR individual box for cards.

It's beautiful and I hope it will have been worth the wait. I've not broken in this deck yet so I really can't say much about Riveras interpretation of the tarot but I am a Jasmin art fan. I will say that the beautiful box with magnetic closure is lovely and functional. I look forward to falling in love with this deck and author.

If you enjoy reading tarot, you will love these cards. They have the wonderful artwork of Jasmine Becket-Griffith who I absolutely adore. They do not follow the traditional Rider Waite Tarot Deck, so they do take a bit to get used to, but her book explains it beautifully :)
