Motocross Brother - Touchdown Edition (Dream Series) (Dream: Touchdown Edition)

Synopsis

Jason Hitt lives for stunts and thrills. Lately, his mother has been treating him like he is a criminal because that's the way he's been acting. When one of his bike stunts goes wrong, his mother loses it. She decides to send him to Iowa to live with his estranged father and his step-family. His summer in Iowa starts off hot, boring, and miserable. Jason can't shake the anger he feels toward his father. But when he finds out that his stepbrother John is an awesome motocross rider, and he takes his first ride on a real motorcycle, things start to change. Can motocross really help him forget the past? Will he survive the giant triple step-up jump?

This book tells the story of Jason, an energetic, if not incorrigible, eighth grader, who is sent to spend the summer in Iowa with his estranged father. While, at first, a punishment, Jason grows up during this summer, learning to race motocross and growing to appreciate his father and family. This is an excellent book for kids. The dialogue between the characters is real, the descriptions of racing vivid, and the jokes funny. The book teaches a subtle lesson of forgiveness and new beginnings without talking down and preaching to readers. It is entertaining enough to convince parents to read right along with their kids. My only hope is that there will be a sequel (fingers crossed, with a female protagonist).

I like the book Motocross Brother because its about motorcycles and family. I had fun reading it all

the way until the end. I hope he writes another book like this. In the book Jason goes from California to Iowa to go to motorcycle camp. When he gets there he sees his brother John and his Dad. His mother stays in California. In camp he gets to meet a bully. What happens next is my favorite part of the book. I hope everyone gets a chance to read this book they will love it. This is a great book. My son, who is a non-reader wouldn't put it down. The story moves along quickly with lots of action and interesting characters. The race sequences are realistic and very visual and give you a wonderful sense of what motocross is like. I learned from the publishers' website that the Homerun edition is at 3rd grade reading level and Touchdown is 6th grade.
