Living Art: Style Your Home With Flowers

Synopsis

Olivier Giugni, the renowned floral artist, presents stunning portraits of his sumptuous creations in a variety of private homes, along with detailed descriptions of their design and placement—and recipes for a dozen of his signature arrangements. Life is color and color is life. This is the mantra of Olivier Giugni, founder and owner of L'Atelier Olivier, the sleek floral design atelier in Manhattan. Far from Brignoles, the Provençal village where he grew up, Olivier reimagines the warmth, whimsy, style, and bursts of color from his native France in a singularly contemporary fashion, and in doing so, he has become one of the New York area's most beloved and acclaimed floral designers. Created from a breathtaking range of organic and sustainable material, Olivier's work becomes living sculpture, drawing from and reflecting back the signature elements of its surrounding environment. True to this vision, his gorgeous, lush arrangements of dramatic flowers and plants inspire and transform every space they occupy. In *Living Art*, Olivier walks readers through the homes of eighteen of his clients as well as his own, pointing out how their art, furnishings, and design preferences engage in a call-and-response with his unique arrangements. Along the way, Olivier's creative thought process is revealed, showing how composition, color, texture, and fragrance can have a subtle yet decisive impact on the energy of a room, enhancing and elevating mood and moment. *Living Art*'s spectacular images illuminate this master florist's aesthetic approach in an accessible way. A gift for experienced arrangers or novices just learning to work with flowers, the book includes recipes for twelve of Olivier's unique arrangements, offering novel ways to style flowers, plants, and foliage—from cascade to orchid garden to bouquet. The poetic, playful creativity featured in *Living Art* will move and spark the imagination of all those who are passionate about flowers.

This has to be my most favourite book for floral design. I have spent hours upon hours buried in these pages of pure inspiration. It teaches you to see a 'space' through different eyes; nuances within a room or a piece of art on the wall. These become the pivoting point for your imagination to then create and arrange flowers to compliment a space. I love his 'recipes' at the back! Simple and to the point. If you enjoy designing flowers with a modern sculptural slant then this is really wonderful. Enjoy. Nicki Barratt

Living Art is a perfect gift for friends and family who have a discerning eye for beauty. The color photography reveals the most stunning floral arrangements set in some of NYC's favorite landmarks. Olivier urges the reader to find his/hers own style with tips and recipes. This book reminds us of the uplifting power flowers have on our moods, and how they can enhance our environment and relationships.

This is an inspirational book and I feel a book to follow for floral design. I love the seasonal arrangements and even though they look amazing they are achievable. I have copied some and felt very chuffed with the outcomes.

dear all - never had before such a tasteful book in my possession - it will have a place of honor in our orangerie - the floral arrangements are of an extraordinary simplicity & beauty - the photographs are outstanding

Terrific book with excellent photographs and and countless ideas for flower arranging. A great addition to any garden library, perfect for the coffee table, or a wonderful gift to the budding florist.

Great photos and inspiration

Pictures are great and design of arrangements are great I just expected more and that is why I rated it so low. I just expected more.
