A Day At The Beach: A Seaside Counting Book From One To Ten

Synopsis

A Day at the Beach. A seaside counting book from one to ten., is a delightful book for parents, grandparents, teachers and friends to share with their children. You will travel from page to page adding objects that describe the numerals shown. In the case of "2, Two girls playing in the sand," the numeral 2, words two and girls, are all colored dark blue while the rest of the text is colored green. This sends a subliminal message to your child that the 2, two and girls are related. This system helps teach youngsters the relationship code needed to read. Your child will discover and count seagulls, dolphins, seagulls, octopus legs, sailboats and seashells. The brilliantly colored objects will delight everyone who explores this Day at the Beach adventure.

Customer Reviews

This book will be a favorite for the emerging reader and they will take pride in their ability to read. --
Linda Felle, Specialist in Learning Disabilities, July 1, 2003

This digitally designed book contains original artwork created by the author. She used her children, godchild and her love of the sea and its many creatures and objects as models.

great book

Looking for a simple but engaging book for little ones in preschool and kindergarten? This is it. Perfect for your "Back to the Beach" spring unit and for reading at circle time. It can also be a nice

springboard to other counting activities. I liked it a lot.

This is my second copy of this book - my daughter loves it so much, the first one was worn out!!
