I planned out a road trip with a few friends and Atlanta was the second stop. We ended up staying there longer than any of the other places because there was so much stuff mentioned in this book that we wanted to check out! It had a lot of useful tips about where to visit and how to save money. We got a couple other guidebooks from different authors for the other places we visited but none of them were as in-depth or helpful as this book. Next time I take a road trip it'll be to somewhere else N. T. Gore has written a guide book about!

Your Atlanta Travel Guide is an excellent guide to fun in Atlanta. I have been researching for our family vacation and found this book to be an excellent resource. Author N.T. Gore has compiled the best of Atlanta, Georgia into an informative and user friendly book. With information on weather,

transit, places to visit, parking, free attractions and more, I have found everything I need to plan our vacation and stay within our budget. I highly recommend it!

This guide is great when you don't have a lot of time for planning! An excellent resource for planning activities without spending a great deal of time on research. Everything you need to know in an easy to read guide. A great buy for any traveler!

I was hoping this book would be more of a "what to see and do in Atlanta area" to use as suggestions for visitors, but unfortunately it's not. It picks out about 10 spots in the downtown area and that's it.

The "guide" is poorly written and poorly edited. There are almost no maps and very little information. It seems very amateurish and not worth the money.

As expected

N.T. Gore has personally saved my family vacation! I was forced to plan a trip to Atlanta on very short notice this last weekend, so I turned to this book. It covered everything, from getting in, to hotels, to attractions, in a clear and simple manner. It would have taken me hours to find information half as good as this online - I'm so glad I saved myself some time and stress and decided on this book. The vacation was great and stress-free!

Sorry N.T. Gore. I tried to like this book, but I just couldn't. First of all, when you publish a book you should probably get a proof-reader or anyone else to read the book BEFORE you have it printed. My fourth grader couldn't believe how many errors there were and it made it difficult to read. Also, I bought the book because it seemed like it would be a good reference for getting around town. I got more information about Atlanta on-line. This is a book about Atlanta with a couple of suggestions of things to do, but it doesn't compare to any travel book I have ever purchased. A total waste of my money.
