My Ride Is A Bitch (The Kurtherian Gambit Book 13)

Synopsis

It's out there, it's ALWAYS been out there - just no one believed it. Governments, Black Ops, Rich Businessmen...All want alien tech and some are going to great lengths, illegal lengths, to procure it. Someone went so far as to endanger a young girl's family. A young girl who wrote a letter to the Queen Bitch. Now, those that are searching for the technology will have to deal with TQB. If there is one thing that will get Bethany Anne's attention? It's mistreating the defenseless. Bethany Anne tries to stay out of the world's business, but they just keep doing stupid stuff...Sucks to be them.

Customer Reviews

5 STARS for the things I LOVE!!! Wild and funny characters. Fabulous world building. Intriguing plot twists. Weaving TQB reality into ours. I am completely hooked as a reader and in love with all the characters. HOWEVER I must point out the consistent misuse of past/future perfect tense ... I had fell instead of I had fallen ... I had spoke instead of I had spoken ... AND the missed correction of "computer" chosen words like ... feint instead of faint ... and more telling, one time where Bethany

Ann was entered as Bethany and !!!!!!! ... I can certainly understand and accept an OCCASIONAL missed word and, while the editing has improved, it should have been much better before now. I do forgive an over abundance of enthusiasm in writing fast to get the books to me! I appreciate that! But just take a SECOND to look when each chapter is done! All that being said, I am a HUGE fan and cannot WAIT to see MCHAEEL come back to join TQB in whatever endeavors they inspire.

Another great entry in the adventures of Bethany Anne and her people. It's a shame when you have more cooperation from aliens than your fellow humans, but that is the situation for BA. That is why TQB's plans to leave the Solar System need to be accelerated as much as possible. But life keeps springing something new (or rather something old) that makes it more difficult. One way or another, BA is going to get her way (out of Dodge!). Recommended to those who follow this series. New readers need to start at the beginning - Death Becomes Her.

Ran across the Rise of Magic series and was intrigued, so decided to purchase all 16 books in the Kurtherian Gambit series. I then spent the next 4 days reading all 16 of them, then moving on to the Second Dark Ages and Trials and Tribulations series. This is a very entertaining and intriguing take on Vampires and Werewolves. I am eagerly awaiting book 17. And while there were warnings about the cussing in the book I found them to be hilarious. As far as military Scifi goes, I would easily rate this up there with some of the other major authors in the genre, such as John Ringo's Possleen War or Through the Looking Glass. Looking forward to enjoying the rest of this series, and the best part Michael Anderle seems to be a fairly prolific author so not a massive wait between books.

I normally don't buy a series until the series is finished as waiting six months to a year for the next instalment is so long that I have a hard time remembering the story line or sub-plots. However, with Mr. Anderle I get a book every 30-45 days and with the off shoots I get at least a book a week and sometimes more. If your not sure what I'm talking about, read the pages before the beginning. I love to open my email and finding an email from Me Andele telling me that another book is ready to read and for \$.99 cents (for 24 hours if your on his mailing list). I would only wish that other authors would use his method. Thanks to all those that support him getting these books out to the Kutherian addicts.

Michael Anderle's "Kurtherian" series is a fun vampire-SpecOps-SciFi romp. His aliens and his backstory technology provide for enthusiastic suspension of disbelief. The characters are tough,

gritty, humorous and grow with each new book. The aliens get what's coming to them and sometimes live to regret it, while the really bad guys get everything they deserve, and a couple kicks more. The writing is a bit rough and occasionally suffers from the familiar spellchecker issue where words that sound the same but are not correct get past the editor(s), but the action flows and the story keeps getting better with each new book. Best of all, the author produces a new book every four or five weeks.

I happened across this series a couple of months ago and just about inhaled the available books. I'm now waiting impatiently for the next one while feeding my habit with the small doses Michael supplies with his FB "snippets". All of the books share the qualities I've enjoyed most; insanely intriguing characters and seriously ass-kicking action replete with humor and wit. And then there's the ongoing and ever-escalating competition of creative expletives, from which even I have learned a new one from time to time. All in all I've had lots of fun reading this and all the previous books in the series. I'd recommend them highly to anyone who enjoys science fiction, fantasy and action; you'll get a healthy dose of all three in these books.

Amazing just how fast Michael writes. I realize he has head start on me, but I'm struggling to keep up. Unfortunately I am losing get sleep over the effort, so he is winning. Not sure it was real contest, but like John and boys, doesn't take much. The story continues and grows so fast I get lost. Damn, think this author must be on some serious drugs. How the hell can he write so fast and good. I have rapidly become a Bethany Anne addict, not just a fan. Great story, incredible characters, and real fun reading. BUT, only if you are not a liberal wuss.

Earth is getting totally nuts about acquiring alien technology. It has gone too far to back off now. Bethany Anne is being absorbed by the Yollins. She knows that her next step is into Yollin space. Being prepared is not just for boy scouts. Yet she still has time to rescue a little girl and her family. Luckily her team is committed to protecting the Queen. Yes! I really like these books enough to read them again!
