Customer Reviews

Having the rule book on your device is so convenient. With the "find" feature it will locate the subject matter you are looking for. Just tap it and it brings you there. No more fumbling through a book or having to bring a book. I think with probably the majority of us we tend to bring our device with us anywhere we go. You can also download the book on up to 3 devices which makes it even more convenient.

Very informative

Right in line with the official little league rule book, but specific to softball which is what I wanted.
