Customer Reviews

This is such a lovely book. My granddaughter and I love to look at the different dresses and she loves to color them. It is terrific that different body types are shown, not just ladies with tiny waists. I would recommend this to anyone who is interested in Victorian fashion or loves to color beautiful pictures. I certainly hope you-all do another one!

I bought this coloring book because it features 2 friends, both very nice ladies. The artist captures the fashions well, showing the details that their creator intended - as well as being a blatant, but clever, advertisement for her business. The artist does not do facial features well, making them hard to recognize, almost cartoon like. But, now i will have something to practice my new watercolor skills. And I'll be able to get the models to autograph it !

This coloring book is just beautiful. There are 30 historically accurate pictures of woman in beautiful dresses modeled from the civil war era. There are a few pictures of women with men also. I have

always loved the beautiful dresses of that era so I was excited to be able to buy this book to color. So many different styles! The paper has a nice texture to it so it shows your colors wonderfully and makes blending easy. I haven't been coloring very long and but I will add my first picture I colored in this book so you can see a finished picture. I definitely recommend this wonderful coloring book for your collection.

Different from most coloring books of this type. The people in the illustrations are not usually young nor thin. The models for these illustrations are apparently real people. I enjoyed coloring this book, the illustrations are well drawn and only printed on one side of the page so you don't have to worry about bleed-through. As an extra precaution, however, I placed a blank sheet of paper between the pages as I did them.

The dresses are just beautiful and detailed, the models are drawn beautifully. If you're into historical details and like coloring various fashions of different time frames, the book is worth it.

Very nice coloring page. I would have loved if these were taken from original garments, not just reproductions but the ladies did a wonderful job, anyway.

I love this book. the dresses are so beautiful I've not started on this one yet as I I also purchased several. I purchased them from .

Beautiful book! I bought 4 as gifts.
