Growing Up Pedro: How The Martinez Brothers Made It From The Dominican Republic All The Way To The Major Leagues

Synopsis

The love between brothers is key to Matt Tavares's tale of Dominican pitcher Pedro Martínez, from his days of throwing rocks at mangoes to his years as a major-league star. Before Pedro Martínez pitched the Red Sox to a World Series championship, before he was named to the All-Star team eight times, before he won the Cy Young three times, he was a kid from a place called Manoguayabo in the Dominican Republic. Pedro loved baseball more than anything, and his older brother Ramon was the best pitcher he'd ever seen. He'd dream of the day he and his brother could play together in the major leagues—and here, Matt Tavares tells the story of how that dream came true. In a fitting homage to a modern day baseball star, the acclaimed author-illustrator examines both Pedro Martínez's improbable rise to the top of his game and the power that comes from the deep bond between brothers.

Book Information

Lexile Measure: AD820L (What's this?)

Hardcover: 40 pages

Publisher: Candlewick (February 10, 2015)

Language: English

Grade Level: 3 - 7

Customer Reviews

Gr 2-4 Tavares is no stranger to the baseball picture book biography genre. He has several examples under his belt: *There Goes Ted Williams: The Greatest Hitter Who Ever Lived* (2012) and *Becoming Babe Ruth* (2013, both Candlewick). With his latest, Tavares looks to a more recent time and player, Cy Young Award winner and World Series champion Pedro Martinez. Tavares begins in

the Dominican Republic in 1981, where Martinez witnessed his older brother Ramon's rise to stardom. Tavares masterfully depicts, with quick verse and beautiful illustrations, the world in which the two siblings came of age. Though he was considered too small to make it as a pitcher in the major leagues, his persistence eventually paid off and he was drafted by the Los Angeles Dodgers and moved to the United States. Martinez journeyed to America, facing challenges as he adapted to a new language and culture. After describing of the athlete's major league triumphs with several teams, Tavares leads readers back to the mango groves of the Dominican Republic, where Martinez developed into one of the best pitchers in baseball history. It is somewhat vexing that there is no mention of how in 2004, with Martinez, the Boston Red Sox won their first World Series in 86 years; however, this is a strong overview of a remarkable athlete. Martinez's unbelievable statistics are included at the end of the book. VERDICT A wonderful introduction to a truly special player.âKeith Klang, Port Washington Public Library, NY

Tavares masterfully depicts, with quick verse and beautiful illustrations, the world in which the two siblings came of age.... This is a strong overview of a remarkable athlete. Martinez's unbelievable statistics are included at the end of the book. A wonderful introduction to a truly special player.âSchool Library Journal (starred review)Tavares highlights their warm filial relationship, inviting readers to understand how Ramon is challenged by loneliness in America, mostly because his lack of English prevents him from communicating. ... The gouache and watercolor paintings lovingly depict both players, from boyhood to adulthood. Tavares captures some of the iconic images of Pedro: pitching with intensity, goofing off in the bullpen, and even being taped to a pole by his teammates as a prank.âHorn BookTavares's latest baseball profile, featuring Pedro Martinez, is as much an homage to the love between brothers as it is a biography.... Concluding stats top off this winning title.âBooklistTavares's luminous paintings pair with accessible prose arranged into verselike passages to create a vivid portrait of two contemporary athletes.âPublishers WeeklyWatercolor, gouache and pencil illustrations depict the emotional fervor of the action.... A warm portrait of a modern baseball icon.âKirkus ReviewsFraternal mentoring and emulation forms a cohesive theme throughout.âBulletin of the Center for Children's BooksThe story of how Pedro Martinez came to achieve that status is inspiring, and author/illustrator Matt Tavares captures it perfectly for younger readers.âfrom Kendal Rautzhan

This book is incredible! The best review I could give is post I just sent to the author, Matt Tavares. This is what I wrote...Hi Matt,I finally got your book, "Growing Up Pedro" It is unbelievable! Your

illustrations and the story are awesome. I asked my wife to come look at it with me, and, always frugal, she said, "Om my god this is a great book... How much did you pay for it?" I told her, and she was shocked that I could get such a high quality book for the price. I can't wait to read this to my Grandson, this is one of his birthday presents. This will be an heirloom in our family for sure. Your other books will be ordered immediately. Wow, Thanks again.

Good book.

Tavares really knocks it out of the park with this picture book biography of Pedro and Ramon Martinez. The story is great and the illustrations are fantastic. Young baseball enthusiasts (and maybe older ones, too) will enjoy this book.

Love Matt Tavaras' books! Such high quality writing and interesting topics - my 4th graders are loving this one. It is nominated for the Maine Student Book Award for 2016 - 17.

We have met Pedro and Ramone personally, so this was a great little book to give us a little background on them.

i enjoyed reading this book, and i hope my nephew does too, it is for a younger child, but i think the story is good for any one

My 8 year old really liked this book.

I bought this as a gift for my son, an avid Red Sox fan. He enjoyed reading it; found it interesting.
