Love the designs but how about heavier paper.

This is an Excellent Book filled with Iconic Graphics matching closely to the Cover Graphics, Makes for lots of Fun Recreating these Graphics Freehand.

Very nice examples, some letters have more than one example. You will enjoy the peeks into the medieval lives, religious symbols, and saints.

I bought this book to share with my middle school students when learning about Medieval Europe and illuminated manuscripts. Most letters include 2 different samples. Some only have 1. Letters I, J, K, Q, and X did not have letter samples that appealed to me. The others were beautiful and showed a variety of features of medieval life. Beautiful drawings.

Nice, Have not used it much yet. Could have more content for the price.

Great selections make this adult coloring book a great choice for those participating in our newest book craze - adult coloring books. Terrific for therapeutic purposes! I find it great to listen to Gregorian Chant while spending some relaxing time coloring and imagining a much less stressful time - well, provided you didn't have plague, famine, cold weather, etc. Hmm. Actually, much better to color today than back then.

My six-year-old LOVES this coloring book; unlike a lot of illuminated coloring books, it's not too complex, one letter per page.
