A Note from the Author Connect-the-dot puzzles are a fun, quiet activity that I always enjoyed as a child. As an adult, I found that all the books available were for young children just learning their numbers, with drawings that gave away the final pictures. Being a lifelong puzzle fan, I thought it would be fun to design a sophisticated and challenging dot-to-dot book for older kids. My objective was to create a magical dot-to-dot experience, not only by increasing the numbers and image quality, but also by inventing new and refreshing ways of creating pictures. Adults repeatedly tell me, "I used to love dot-to-dots as a kid!" One of the most satisfying surprises is that grown-ups enjoy the puzzles as much as kids. It is also exciting to hear of the numerous ways that the books have been

used for teaching and rehabilitation. The Greatest Dot-to-Dot Books have won multiple awards and the puzzles can be found all over the world in newspapers, magazines, catalogs, various stores and on the Internet. I'd like to think it's because I've tried to push dot-to-dots to a new and unexpected level, striving to create a modern day dot-to-dot revolution! Have fun!

Images Appear Like Magic! A relaxing and fun book for anyone who knows how to count. Connect the dots in this challenging collection of dot-to-dots and dot-to-dot variations for surprises that will entertain young and old alike. Hours of fun for everyone! Great for: * Vacations * Souvenirs * Traveling * Puzzle Lovers * Coloring

Book 1 in this series is more like the Super Challenge books. I loved Book 1. It is a great mix of the easy and not-so-easy. So, when Book 2 arrived I was disappointed! It seems to be the easy and the very easy. There is nothing wrong with that if Book 1 had been done in a similar manner. It just really took me by surprise! I agree with other reviewers who say Book 2 is great for travel. The puzzles are more easily solved and less intense than those in Book 1. I don't know why the two books differ so much in format. That being said, kudos to Mr. Kalvitis for the best layout of any other dot-to-dot book I've seen. If you are brand new to the series, I recommend that you do Book 2 first and then go for Book 1. Please note: It has been graciously pointed out to me that I wrote this review based on "Adventure" Book 1. The best thing I can suggest is to absolutely disregard the above review!!!!

This whole series is great--can't point to one better than the other. Lots of fun. I see that there are other dot to dots on the market recently so maybe we (the whole family enjoys these) will try another series when finished with these but I'll tell you I much prefer this to coloring, which does not relax me at all! I get all tore up with symmetry when coloring intricate designs and it feels like a job. These are waaay more fun.

This series is one I have owned for years. SO fun for "kids" of every age -- bought initially for "tween" nieces and nephews who visited regularly and were "bored" with the adult conversations. Puzzles are challenging but not impossible. I definitely recommend buying all the set!

busy, busy, busy little hands. My youngest son has hit this energetic phase where he must be DOING (and narrating) constantly. Busy, busy, busy little child. He is not old enough yet to have the

unsupervised run of the neighborhood, but I need a break from teaching him life activities: woodworking, baking, cleaning, yard chores. Little Mister can sit near me dot-to-dotting while I get something done. This book keeps him fascinated and the pictures are really cool. We bought the first three books in this series. Little Mister is eight.

So much fun. So hard that I have bought the book several times and still have problems doing them.

Great for our 7 year old. We keep this in the car to do during long drives.

Our kids -and even adults around our house - love these books.

I am an artist and this dot to dot series is top notch! I had always looked for an artistic dot to dot, and these fit the bill. Each design is complex and the designer makes effort to keep the image a mystery until you are near completion. It is great mindless fun and very relaxing. Great for youngsters also, as they would be a challenge for them, and a very high end artful experience, not the simple dot to dots they may be used to.
