ISBN-10: 949163402X

ISBN-13: 978-9491634024

Product Dimensions: 7.4 x 0.2 x 9 inches

Shipping Weight: 8.5 ounces (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars 135 customer reviews

Best Sellers Rank: #250,536 in Books (See Top 100 in Books) #354 in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Crocheting

Customer Reviews

I'm having a BLAST crocheting these cute little guys!! And my daughter loves it too!! She's really enjoying playing with them. I think the only thing I have to complain about in the books is two things:1. In a couple of patterns it says you'll need Crochet Hooks F and H. But when you start reading the pattern it doesn't actually tell you WHERE to use the crochet hook. I made the best guess as to using crochet hook F for the body and then H for the clothing since it should be slightly larger for the clothing. But it never really spelled it out like I'd have thought it should.2. The directions CERTAINLY are for more advanced and skilled crocheters. You don't get everything spelled out for you, so beware! I was trying to make a dress for a Cat pattern and I can't figure out how to attach the sleeves of the dress to the body of the dress. It's a bit confusing and so I just gave up. My daughter was happy with the cat wearing a sleeveless dress, and that's fine. I just want to

warn people that you aren't going to get a "hold your hand and molly coddle you" type of book here. But past that this book is just awesome! Great patterns, really cute! Totally recommend it to any advanced crocheter!!

I don't even know where to begin with Zoomigurumi with a critique. I am so happy with this purchase. The time spent and design is very evident in the pictures and patterns. Very well written and easy to follow. Bought all three books and more patterns from there website <http://www.amigurumipatterns.net/patterns/>

I love this book! The projects have so much personality -- I was going to say "cute" here but you can already see by the cover photo that they are wonderful. Excellent photos and directions. I am so pleased to have added this book to my library.

I found the instructions good on the crochet. Fairly easy to follow stitch wise. If you do use a larger hook to make a bigger toy, you may need to think about how different parts will be supported. Take a look at the photo if the head is much larger than the other parts, what would be needed to make it sit or stand well? I would recommend the Zoomigurumi books to anyone who has some basic crochet skill (or higher).

Easy to follow directions, tons of color pictures (no step by step pics though). I have almost completed my first project from the book, and it is turning out magnificently! It isn't meant for a really novice crocheter, but the steps are very clear for someone who has experience reading a crochet pattern. The turtle I am making from one of the patterns in the book is way larger than I anticipated from the pictures, but he will make a great love!

If you love Amigurumi, you will love this book! What a variety! Some critters are more complicated to make than others, but I think it's a good thing for skill building. I love the fact that it's a collection from different designers so you get a chance to experience their take on Amigurumi. I am extremely glad I purchased this book!!!! Pages are very good quality paper and the color pictures are outstanding!!! VERY nice!!!!!!!

Love it. Can't wait to get started on some of my fav animals in it will definitely be buying the other books

Currently making the beaver and as usual in these books the details are so much fun. Can't wait to make more.
