Customer Reviews

I voluntarily reviewed an advance reader copy of this book. Where do you go to get away from an abusive ex?. Back home of course, to your family. Although her father, who was the prez of The Silent Havoc MC, is dead, Katharina still goes to them for help. She knew Jason while they were growing up, but she hasn't seen him in years. Now Jason is the New prez. Jason will help her but she has to do one thing for him. They love & hate each other. There is a big secret that is keeping Jason from giving himself completely to Katharina, & that secret causes more trouble than Jason ever could believe. Good read

I voluntarily received this book as an ARC from the author. Katie is a young woman who just got out of an abusive relationship that left her scared and traumatized. Her ex won't leave her alone. So she goes to the one person she knows can protect her, her dad's MC club. She meets with the president Jason who offers her protection by asking her to marry her. Jason is living through demons of his own: a dead ex that he still loves. They get married thinking things will get better, however they only seem to get worse and then his ex comes back from the dead!!! A must read!!!

What do you do to get away from an abusive stalker ex when your own best friend that has been through it all with you doesn't believe it's as bad as you KNOW it is?? You turn to the strongest, badest person you know for help and even he doesn't take it all that seriously. Katie turns to Jason, her father's right hand man before he died. Jason gave his word to Mathias to look after his girl if anything ever happened to him. Between her baggage and his, the danger mounts and sparks fly. The intrigue keeps twisting things until you're grasping at straws to figure it out. Definitely a good read. I voluntarily reviewed an advanced reader copy of this book

Katarina needed to get away from her crazy ex but the only place she could go was to the M/C president who supposedly killed her father. Jason decided the only way to protect her was to marry her and she agreed. I loved the story but thought Katarina was weak and should have been stronger and smarter. Good thing she had Jason or she would have ended up dead. Her crazy boyfriend Troy got help from an unsuspected source to get Kat. Pretty exciting story and I was fortunate to read it as an ARC. I received this book in advance for an honest review. Love Heather's books.

You have love brewing between two lost hearts and the torture of living each day grieving of your lost love to only discover they never were in love with you. You were a means to an end. A dead end, I may add. But Jason was a real man and stepped to the plate to help the old MC President daughter who was in a horrible abusive relationship. The story bring so much mystery and pain and with a searing love that unites the two lost soul mates. A great read. You want be able to stop reading just to find out how someone can defend their abuser and how deeply a man can love a woman even after years of being without her. Received this book as an ARC. I have given my review voluntarily.

I voluntarily reviewed an advanced reader copy of this book and my honest opinion is that I didn't like it. I didn't like either character, I think more research should've been done on domestic abuse, their speaking out loud, their actions and conversations were childish. I'm pretty much over the chick that obviously knows someone is after her, yet sneaks out (twice) and puts people in danger. Jason says Katie used to be a spitfire, and when she has a tantrum, he says her spitfire is back!?! Oh yeah, and they fell in love after a few days. Sorry, but I've read several of Heather West's books, have enjoyed most, but this was one of my least favorites.

I've definitely read this story before and I have the same opinion then as I have now. The characters Jason and Katharina were childish and their conversations were one sided. The behavior Jason exhibited to Katharina was just as controlling as her ex and his treatment of her was no better. She escaped one prison for a next by marrying someone she barely knew. Jason was one step away from being borderline retarded and I don't see how he was the President of an MC as his decision making process was flawed and immature. Not a fan of either character. The plot would have been better if these two had some type of normal, rational thought pattern.

I'm pretty sure I've read this book before. Needs some editing for consistency and typos. First Katie is flat chested then the way she's described it sounds as if she's well endowed. She makes a bag of chicken thighs and Jason offers her a drumstick. He carries her upstairs to the bedroom but all the rooms are on the first floor. Story ends at 24% of the download Read through KU
